Dear Mike,

This project is to add 6 ports with access to the WPD network for 3 new offices that will now be used by WPD staff. This will include removal of the existing cable from the wall ports and replacement of it with cable running to the WPD network, and we will move or re-arrange furniture in these offices if necessary to gain access to the cabling in the walls and ceiling.

Please let us know if you any questions. If it is agreeable, please return a signed copy to us so that we can schedule the work as soon as possible.
