# About Us

## OUR SPECIALTY

We specialize in design and installation of all low voltage systems. Using decades of experience and cutting edge knowledge, WAVE Home Technologies offers quality consumer and professional equipment and systems for home entertainment, lighting control, automation, networking and security. We have maintained enthusiasm for home electronics and a concern for quality in every installation. Our goal is to make every system we install sound and look its absolute best.

## WHAT WE CAN DO FOR YOU

We collaborate with builders, homeowners, architects, re-modelers and interior designers to provide home automation solutions that fit your living space. Automatically have your lights turn on when you arrive home. Get the cinema experience with your own in-home surround sound system. Control all of your music, lights and HVAC system from the touch of a button or even a simple voice command. Adjust your thermostat while on vacation. Expertly designed for the way you live. Control of your home, anywhere, anytime.
