ISP Change - P20190308.0001

Quote # JW001433 Version 1

Prepared for:

Wheaton Park District

Prepared by:

Jeremy Wills

Friday, March 22, 2019

Wheaton Park District
Jonathan Butkus
1777 S Blanchard St
Wheaton, IL 60189
Jonathan.Butkus@vision96.com

Dear Jonathan,

Per your request, we've quoted the per-site labor fees to change out the ISP's for the Wheaton Park District this year. AIE will charge the rate quoted here per site for each ISP change required.

Unlike the Call One / Windstream change this fall, we do not anticipate that these ISP changes will not require extensive reconfiguration.

Please let us know if you have any further questions!

Jeremy Wills
President
Advanced Intelligence Engineering

Project Labor

The labor listed here will be charged per location.

Physical Connection

Onsite tech will connect ISP modem with ethernet cable to ASA firewall.

Configuration Change

Correct IP on firewall for new IP with new service. Test connection by verifying that traffic can pass, via a ping to the DC. A successful Internet and site to site connection will determine success.

Remove Old Equipment

Remove old ISP equipment, prepare for shipment back to previous ISP. Update WPD network documentation.

Project Labor Subtotal: **\$630.00**

Payment Terms

In order to initiate the work, AIE requires a signed copy of the agreement along with 100% down payment on all hardware and licensing and 50% down payment on all labor. The balance of the labor, along with any additional surcharges or tax, will be billed Net20 upon completion of the work.

Quote Information:

Quote #: JW001433

Version: 1
Delivery Date: 03/22/2019
Expiration Date: 03/29/2019

Assumptions / Prerequisites

- Client staff will be available in a timely manner for questions and testing of changes.
- Client will provide all necessary software discs, serial numbers, and passwords for any software needing to be reinstalled.
- The ISP will provide all equipment to make the RJ45 connections ready to deliver the public IP and block to the Cisco ASA firewall.
- The ISP will install their equipment and test that it is functional, that the IP block works, and that the correct public IP is installed. This will be delivered to AIE upon finishing installation.
- A successful Internet and site to site connection will determine success.
- The work will be completed outside of business hours.

Should any of these assumptions prove to be incorrect, additional labor will be billed at AIE's project rates of \$180/hr, with work outside of business hours billable at 1.5x standard rates.

Quote Summary

| Description | Amount |
|---------------|----------|
| Project Labor | \$630.00 |
| Total: | \$630.00 |

Taxes, shipping, handling and other fees may apply. We reserve the right to cancel orders arising from pricing or other errors.
