Dear Mike,

UPDATED VERSION 2: Per our meeting on 2/4/2020, I have updated this proposal to ensure the hardware/software is only marked up by 5 points. Additionally, the signer's name was changed to be Mike Benard.

=====

As noted on ticket #T20191204.0026 Steve Hinchee and AIE worked together to discover one of the four drives in the NAS at Parks Services has failed. Given the age of the NAS, and signs of drive failure, AIE is recommending (over the purchase of a replacement drive) a replacement NAS be purchased and installed. This quote includes the hardware recommendation. AIE estimates 2-3 hours of labor to install, configure and move data from the current to the new NAS.
