RE: 2019 Cart Path Repaving

DATE: June 21, 2019

**SUMMARY:**

As part of the yearly Arrowhead cart path repair and replacement project, staff identified the cart path on #3 West as needing repair the most. This is a “heavy duty” cart path and has a deeper base, thicker asphalt, and is wider than other cart paths. The path is made this way to accommodate the heavy pumper trucks that use it to service the restroom trailer. Due to more excavation and materials being required for this type of paving, the cost is higher. Staff also requested quotes for Geogrid underlayment which helps disburse the weight of the pumper trucks and can reduce erosion from the adjacent pond flooding. Plans and specifications were prepared by staff and quotes were solicited on June 3, 2019. The quotes were reviewed and the results were as follows:

<b>Contractor</b>	<b>Paving 2,640 s.f. of heavy duty asphalt</b>	<b>Unit Cost: heavy duty asphalt per s.f</b>	<b>Unit Cost: Geogrid Underlayment per s.f.</b>
Meyer	\$21,600	\$7.40	\$.25
Chadwick	\$21,750	\$7.85	\$.55
Evans & Son	\$24,510	\$9.29	\$.54

*Cells outlined in bold are the lowest quote.*

The low bidder, Meyer Paving has performed work on previous park district projects and staff has been satisfied with their work.

**PREVIOUS COMMITTEE/BOARD ACTION:**
