All persons connected with the Architect as an officer, employee or agent of or consultant to the Architect, who are directly in charge of the professional architectural or engineering work performed as part of Architect's services, are, and for so long as any services shall be provided under this Agreement, shall be duly registered and licensed under and in accordance with Illinois laws regarding the practice of architecture and engineering, as applicable to this Project, and they and any other consultants selected by the Architect and providing services with respect to the Project shall be otherwise qualified and possess the skill and competence required to perform the services properly. The Architect shall cause each consultant employed by Architect to purchase and maintain insurance of the type specified above. When requested by the Owner, Architect shall furnish copies of certificates of insurance evidencing coverage for each consultant.

(Paragraphs deleted)

§ 2.6 The Architect shall timely pay all sums due to its consultants in accordance therewith and shall not cause or permit any liens to be placed by any such consultants against the property or funds of the Owner, provided the Owner has timely paid the Architect for the consultants' scope of work in accordance with this Agreement. The grant of various rights to the Owner under this Agreement, and/or the failure of the Owner to exercise those rights do not and shall not create any responsibility or liability in the Owner for any error or omission of the Architect in the provision of its Services.

Notwithstanding this provision, the Owner shall be responsible for all design decisions directed by the Owner over the specific written contrary recommendation of the Architect.

§ 3.6 Construction Phase Services

§ 3.6.1 General

§ 3.6.1.1 The Architect shall provide administration of the Contract between the Owner and the Contractor as set forth below and in AIA Document A201™-2017, General Conditions of the Contract for Construction as modified by Owner's attorney. If the Owner and Contractor modify AIA Document A201-2017, those modifications shall not affect the Architect's services under this Agreement unless the Owner and the Architect amend this Agreement. The Architect shall provide all services for the Construction Documents - Construction Administration Phase in accordance with Architect's Proposal.

§ 3.6.1.2 The Architect shall advise and consult with the Owner during the Construction Phase Services. The Architect shall have authority to act on behalf of the Owner only to the extent provided in this Agreement. The Architect shall not have control over, charge of, or responsibility for the construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Work, nor shall the Architect be responsible for the Contractor's failure to perform the Work in accordance with the requirements of the Contract Documents except if the Architect fails to provide written notice as required in this Agreement and such failure causes specific damages to the Owner beyond those damages caused by the Contractor's failure to properly perform the Work. The Architect shall be responsible for the Architect's negligent acts or omissions, but shall not have control over or charge of, and shall not be responsible for, acts or omissions of the Contractor or of any other persons or entities performing portions of the Work. During the Project, the Architect shall promptly report in writing to Owner any known defects or deficiencies in the Project or the Work of the Contractor or any of its Subcontractors, or their agents or employees, or any other person performing any of the Work. Drawings or Specifications furnished by the Architect that are found to contain any error or omission shall be promptly corrected by the Architect at no cost to the Owner. These provisions shall not limit the Owner's remedies under this Agreement.

§ 3.6.1.3 Subject to Section 4.2 and except as provided in Section 3.6.6.5, the Architect's responsibility to provide Construction Phase Services commences with the award of the Contract for Construction and terminates thirty (30) days from the date the Architect properly issues the final Certificate for Payment.

§ 3.6.2 Evaluations of the Work

§ 3.6.2.1 The Architect shall visit the site at intervals appropriate to the stage of construction, or as otherwise required in Section 4.2.3, to become generally familiar with the progress and quality of the portion of the Work completed, and to determine if the Work observed is being performed in a manner indicating that the Work, when fully completed, will be in accordance with the Contract Documents. However, the Architect shall not be required to make exhaustive or continuous on-site inspections to check the quality or quantity of the Work. On the basis of the site visits, the Architect shall keep the Owner reasonably informed about the progress and quality of the portion of the Work completed, and promptly report to the Owner (1) known deviations from the Contract Documents, (2) known deviations from the most recent construction schedule submitted by the Contractor, and (3) defects and deficiencies observed in the Work. On the basis of such on-site construction observation, the Architect shall keep the Owner informed of the progress and quality of the Work and shall exercise due care and diligence to guard Owner against defects and deficiencies in the Work of the Contractor and the Subcontractors, and shall promptly report to the Owner any defects or deficiencies in any Work known to the Architect. The Architect shall submit a written field report to the Owner for each field visit. The Architect during critical phases of construction shall have its consultants provide on-site observation to verify construction is in accordance with the Contract Documents. In such instances, the Architect's consultants shall prepare a field report of the conditions observed and any recommendations to be acted upon by Owner. The Architect and its specialty engineers, consultants, agents and officers shall promptly upon notice or discovery during the Construction Phase or thereafter make necessary revisions or corrections of errors, ambiguities or omissions in its Drawings and Specifications without additional costs to the Owner. The Architect shall, at no additional cost to the Owner, provide project representation beyond Basic Services when required due to the Architect's failure to exercise the Professional Standard of care applicable to Architect's services.

§ 3.6.2.2 The Architect has the authority and responsibility to the Owner to reject Work that does not conform to the Contract Documents. Whenever the Architect considers it necessary or advisable, the Architect shall have the authority to require inspection or testing of the Work in accordance with the provisions of the Contract Documents, whether or not the Work is fabricated, installed or completed. However, neither this authority of the Architect nor a decision made in good faith either to exercise or not to exercise such authority shall give rise to a duty or responsibility of the Architect to the Contractor, Subcontractors, suppliers, their agents or employees, or other persons or entities performing portions of the Work.

Init.

§ 3.6.2.3 The Architect shall interpret and make recommendations to the Owner concerning performance under, and requirements of, the Contract Documents on written request of either the Owner or Contractor. The Architect's response to such requests shall be made in writing within any time limits agreed upon or otherwise with reasonable promptness.

§ 3.6.2.4 Interpretations and recommendations of the Architect shall be consistent with the intent of, and reasonably inferable from, the Contract Documents and shall be in writing or in the form of drawings. When making such interpretations and recommendations, the Architect shall endeavor to secure faithful performance by both Owner and Contractor, shall not show partiality to either, and shall not be liable for results of interpretations or recommendations rendered in good faith..

§ 3.6.2.5 To the extent required by the Contract Documents, the Architect shall render initial decisions on Claims between the Owner and Contractor as provided in the Contract Documents.

§ 3.6.3 Certificates for Payment to Contractor

§ 3.6.3.1 The Architect shall review and certify the amounts due the Contractor and shall issue certificates in such amounts. The Architect's certification for payment shall constitute a representation to the Owner, based on the Architect's evaluation of the Work as provided in Section 3.6.2 and on the data comprising the Contractor's Application for Payment, that, to the best of the Architect's knowledge, information and belief, the Work has progressed to the point indicated, the quality of the Work is in accordance with the Contract Documents, and that the Contractor is entitled to payment in the amount certified. Architect shall only issue a certificate of final payment to Contractor upon Contractor's submittal of all warranties and guarantees to Architect as required by the Contract Documents. The foregoing representations are subject to (1) an evaluation of the Work for conformance with the Contract Documents upon Substantial Completion, (2) results of subsequent tests and inspections, (3) correction of minor deviations from the Contract Documents prior to completion, and (4) specific qualifications expressed by the Architect.

§ 3.6.3.2 The issuance of a Certificate for Payment shall not be a representation that the Architect has (1) made exhaustive or continuous on-site inspections to check the quality or quantity of the Work, (2) reviewed construction means, methods, techniques, sequences or procedures, (3) reviewed copies of requisitions received from Subcontractors and suppliers and other data requested by the Owner to substantiate the Contractor's right to payment, or (4) ascertained how or for what purpose the Contractor has used money previously paid on account of the Contract Sum.

§ 3.6.3.3 The Architect shall maintain a record of the Applications and Certificates for Payment.

§ 3.6.4 Submittals

§ 3.6.4.1 The Architect shall review the Contractor's submittal schedule and shall not unreasonably delay or withhold approval of the schedule. The Architect's action in reviewing submittals shall be taken in accordance with the approved submittal schedule or, in the absence of an approved submittal schedule, with reasonable promptness while allowing sufficient time, so as to not cause delay in the Work or in the activities of the Owner or Contractor, in the Architect's professional judgment, to permit adequate review.

§ 3.6.4.2 The Architect shall review and approve, or take other appropriate action upon, the Contractor's submittals such as Shop Drawings, Product Data and Samples, to determine if the submittals conform to and are consistent with the Contract Documents. Where appropriate, the Architect's consultants shall review and approve submittals. Review of such submittals is not for the purpose of determining the accuracy and completeness of other information such as dimensions, quantities, and installation or performance of equipment or systems, which are the Contractor's responsibility. The Architect's review shall not constitute approval of safety precautions or construction means, methods, techniques, sequences or procedures. The Architect's approval of a specific item shall not indicate approval of an assembly of which the item is a component.

§ 3.6.4.3 If the Contract Documents specifically require the Contractor to provide professional design services or certifications by a design professional related to systems, materials, or equipment, the Architect shall specify the appropriate performance and design criteria that such services must satisfy. The Architect shall review and take appropriate action on Shop Drawings and other submittals related to the Work designed or certified by the

Init.

Contractor's design professional, provided the submittals bear such professional's seal and signature when submitted to the Architect. The Architect's review shall be for the limited purpose of checking for conformance with information given and the design concept expressed in the Contract Documents. The Architect shall be entitled to reasonably rely upon, and shall not be responsible for, the adequacy and accuracy of the services, certifications, and approvals performed or provided by such design professionals unless the Architect knows or reasonably should know that such submittals contain errors or omissions or do not conform to the Contract Documents.

§ 3.6.4.4 Subject to Section 4.2, the Architect shall review and respond to requests for information about the Contract Documents. The Architect shall set forth, in the Contract Documents, the requirements for requests for information. Requests for information shall include, at a minimum, a detailed written statement that indicates the specific Drawings or Specifications in need of clarification and the nature of the clarification requested. The Architect's response to such requests shall be made in writing within any time limits agreed upon, or otherwise with reasonable promptness so as to not cause delay in the Work or in the activities of Owner or Contractor. If appropriate by the Architect, the Architect shall prepare and issue supplemental Drawings and Specifications in response to the requests for information.

§ 3.6.4.5 The Architect shall maintain a record of submittals and copies of submittals supplied by the Contractor in accordance with the requirements of the Contract Documents.

§ 3.6.5 Changes in the Work

§ 3.6.5.1 The Architect may order minor changes in the Work that are consistent with the intent of the Contract Documents and do not involve an adjustment in the Contract Sum or an extension of the Contract Time. The Architect shall maintain a complete written record of such minor changes and shall regularly notify the Owner of same at the progress meetings. Subject to Section 4.2, the Architect shall prepare Change Orders and Construction Change Directives for the Owner's approval and execution in accordance with the Contract Documents. Changes must be approved in writing and signed by Owner. No waiver, action or inaction by Owner shall be held to create a custom, practice or usage to waive the requirement for written changes and Owner shall under no circumstances be required to pay for any changes to the extent not in writing and signed by Owner in advance of such Work.

§ 3.6.5.1.1 The Architect shall review requests by the Owner or Contractor for changes in the Work, including adjustments to the Contract Sum or Contract Time. A properly prepared request for a change in the Work shall be accompanied by sufficient supporting data and information to permit the Architect to make a reasonable determination without extensive investigation. If necessary, the Architect shall prepare additional Drawings and Specifications to accompany the changes in the Work. If the Architect determines that requested changes in the Work are not materially different from the requirements of the Contract Documents, the Architect may, at the Owner's option, issue an order for a minor change in the Work or recommend to the Owner that the requested change be denied.

§ 3.6.5.2 The Architect shall maintain records relative to changes in the Work and shall regularly notify the Owner of same at the construction progress meetings. The Architect shall, at appropriate intervals, update the Construction Documents to incorporate all approved changes in the Work, and to create Record Drawings.

§ 3.6.6 Project Completion

§ 3.6.6.1 The Architect shall:

- .1 conduct inspections to determine the date or dates of Substantial Completion and the date of final completion;
- .2 if and when deemed appropriate by the Architect, issue Certificates of Substantial Completion;
- .3 review, approve that the Contractor has submitted the correct warranties and forward to the Owner, for the Owner's review and records, written warranties and related documents required by the Contract Documents and received from the Contractor; and,
- .4 if and when deemed appropriate by the Architect, issue a final Certificate for Payment based upon a final inspection indicating that, to the best of the Architect's knowledge, information, and belief, the Work complies with the requirements of the Contract Documents.

Except for services required due to the fault of the Architect, any Additional Services provided in accordance with this Section 4.2 shall entitle the Architect to compensation pursuant to Section 11.3 and an appropriate adjustment in the Architect's schedule. Owner shall not compensate Architect for Additional Services unless approval of such Additional Services is approved in writing by Owner, which shall be considered an accord and satisfaction for the Work identified in the Change Order, including but not limited to all labor, materials, time and related time or expense impacts of such Work. Under no circumstances will Architect be entitled to claim additional cumulative or other impacts as a result of such Change Order after it has been executed.

§ 4.2.1 Upon recognizing the need to perform the following Additional Services, the Architect shall notify the Owner with reasonable promptness and explain the facts and circumstances giving rise to the need. The Architect shall not proceed to provide the following Additional Services until the Architect receives the Owner's written authorization:

(Paragraph deleted)

§ 5.3 The Owner shall identify a representative authorized to act on the Owner's behalf with respect to the Project subject to the extent expressly permitted by applicable law and the Owner's rules, policies, and practices. The Owner shall render decisions and approve the Architect's properly submitted submittals in a timely manner in order to avoid unreasonable delay in the orderly and sequential progress of the Architect's services.

§ 5.4 To the extent possessed by the Owner, the Owner shall furnish surveys to describe physical characteristics, legal limitations and utility locations for the site of the Project, and a written legal description of the site.

(Paragraph deleted)

§ 5.6 The Owner shall provide the Supplemental Services designated as the Owner's responsibility in Section 4.1.1.

(Paragraph deleted)

§ 5.8 The Owner shall coordinate the services of its own consultants with those services provided by the Architect. Upon the Architect's request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants. The Owner shall furnish the services of consultants other than those designated as the responsibility of the Architect in this Agreement, or authorize the Architect to furnish them as an Additional Service, when the Architect requests such services and demonstrates that they are reasonably required by the scope of the Project. The Owner shall require that its consultants and contractors maintain insurance, including professional liability insurance, as appropriate to the services or work provided.

Communications by and with the Architect's consultants shall be through the Architect.

§ 5.13 The Owner shall provide the Architect a copy of the executed agreement between the Owner and Contractor, including the General Conditions of the Contract for Construction.

§ 5.14 The Owner shall provide the Architect access to the Project site prior to commencement of the Work and shall obligate the Contractor to provide the Architect access to the Work wherever it is in preparation or progress.

§ 5.15 Within 15 days after receipt of a written request from the Architect, the Owner shall furnish the requested information as necessary and relevant for the Architect to evaluate, give notice of, or enforce lien rights.

ARTICLE 6 COST OF THE WORK

§ 6.1 For purposes of this Agreement, the Cost of the Work shall be the total actual cost to the Owner to construct all elements of the Project designed or specified by the Architect and shall include contractors' general conditions costs, overhead and profit. To the extent the Project is not completed, the Cost of the Work shall be the Contractor's bid price, as modified by any Change Orders then executed. The Cost of the Work also includes the reasonable value of labor, materials, and equipment, donated to, or otherwise furnished by, the Owner. The Cost of the Work does not include the compensation of the Architect; the costs of the land, rights-of-way, financing, or contingencies for changes in the Work; or other costs that are the responsibility of the Owner. The Cost of the Work does not include Work for which the Architect has performed designs, specifications or drawings designs as an Additional Service. Instead, the Architect's sole compensation for Additional Services shall be the hourly rates or agreed upon fixed fee agreed in writing by the parties.

§ 6.2 The Architect's preliminary estimate of the Cost of the Work and updated estimates of the Cost of the Work, if any, prepared by the Architect, represent the Architect's judgment as a design professional. It is recognized, however, that neither the Architect nor the Owner has control over the cost of labor, materials, or equipment; the Contractor's methods of determining bid prices; or competitive bidding, market, or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the Owner's budget for the Cost of the Work, or from any estimate of the Cost of the Work, or evaluation, prepared or agreed to by the Architect.

§ 6.3 In preparing estimates of the Cost of Work, the Architect shall be permitted to include contingencies for design, bidding, and price escalation; to determine what materials, equipment, component systems, and types of construction are to be included in the Contract Documents; to recommend reasonable adjustments in the program and scope of the Project; and to include design alternates as may be necessary to adjust the estimated Cost of the Work to meet the Owner's budget. The Architect's estimate of the Cost of the Work shall be based on current area, volume or similar conceptual estimating techniques. If the Owner requires a detailed estimate of the Cost of the Work, the Architect shall provide such an estimate, if identified as the Architect's responsibility in Section 4.1.1, as a Supplemental Service.

(Paragraph deleted)

§ 6.5 If at any time the Architect's estimate of the Cost of the Work exceeds the Owner's budget for the Cost of the Work, the Architect shall make appropriate recommendations to the Owner to adjust the Project's size, quality, or budget for the Cost of the Work, and the Owner shall cooperate with the Architect in making such adjustments.

§ 6.6 If the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services is exceeded by the lowest bona fide bid or negotiated proposal, the Owner shall

- .1 give written approval of an increase in the budget for the Cost of the Work;
- .2 authorize rebidding or renegotiating of the Project within a reasonable time;
- .3 terminate in accordance with Section 9.5;
- .4 in consultation with the Architect, revise the Project program, scope, or quality as required to reduce the Cost of the Work and rebid the Project; or,
- .5 implement any other mutually acceptable alternative.

§ 6.7 If the Owner chooses to proceed under Section 6.6.4, the Architect shall modify the Construction Documents as necessary to comply with the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services, or the budget as adjusted under Section 6.6.1. If the Owner requires the Architect to modify the Construction Documents because the lowest bona fide bid or negotiated proposal exceeds the Owner's budget for the Cost of the Work due to market conditions the Architect could not reasonably anticipate, the Owner shall compensate the Architect for the modifications as an Additional Service pursuant to Section 11.3; otherwise the Architect's services for modifying the Construction Documents shall be without additional compensation. In any event, the Architect's modification of the Construction Documents shall be the limit of the Architect's responsibility under this Article 6.

ARTICLE 7 COPYRIGHTS AND LICENSES

§ 7.1 The Owner and Architect agree that the Architect's preparation of all drawings, designs, specifications, notes and other elements of the conceptual design documents prepared by Architect and other services rendered in the performance of this Agreement is a service work done for hire and that all title, ownership and copyright privileges to all drawings, plans, specifications and other documents prepared by the Architect in connection with the Project (with the exception of standard design elements, architectural details, and industry or trade specifications which are not unique to the Owner or to the Owner's business) and which have been paid for by Owner in accordance with this Agreement, are and shall be solely in the Owner. Subject to payment by Owner in accordance with this Agreement, the Architect agrees, when requested by the Owner, to execute immediately any documents which evidence and acknowledge the ownership of all such drawings, plans, specifications and other documents in the Owner. All drawings, specifications, models and other materials prepared or furnished by the Architect shall be solely the property of the Owner upon the suspension or termination of the Project or the termination of this Agreement, provided Owner has made payment to the Architect for such materials in accordance with this Agreement. Reproducible copies of all drawings and specifications and all other such materials shall, to the extent not previously delivered, be delivered promptly to the Owner upon demand and payment in full by Owner of all amounts due

Init.

Architect in accordance with this Agreement on outstanding invoices received from the Architect and thereafter may be used by the Owner in whole or in part or in modified form for such purposes as the Owner may deem advisable, without further employment of, or payment of additional compensation to, the Architect or anyone retained by the Architect. Notwithstanding the foregoing, the Architect retains the right to use standard design elements and architectural details which are neither unique to the Owner or the Project or related to the business of the Owner.

Should the Owner (a) use the drawings, renderings, specifications or other materials (hereinafter "Instruments of Service") on other projects or provide the Instruments of Service to third parties for their use on other projects or (b) upon termination of the Architect's services before completion of the Construction Documents phase, use the Instruments of Service for completion of this Project by others, the Owner shall release Architect from liability or claims arising from such use and shall defend, indemnify and hold harmless Architect from and against any and all claims, suits, demands, losses and expenses, including reasonable attorney's fees and legal expenses and all interest thereon, accruing from or arising from any of the foregoing uses.

(Paragraphs deleted)

§ 7.5 The provisions of this Article 7 shall survive the termination of this Agreement.

ARTICLE 8 CLAIMS AND DISPUTES

§ 8.1 General

§ 8.1.1 The Owner and Architect shall commence all claims and causes of action against the other and arising out of or related to this Agreement, whether in contract, tort, or otherwise, in accordance with the requirements of the binding dispute resolution method selected in this Agreement and within the period specified by applicable law, but in any case not more than 10 years after the date of Substantial Completion of the Work. The Owner and Architect waive all claims and causes of action not commenced in accordance with this Section 8.1.1.

§ 8.1.2 To the extent damages are covered by property insurance, the Owner and Architect waive all rights against each other and against the consultants, agents, and employees of the other for damages, except such rights as they may have to the proceeds of such insurance as set forth in AIA Document A201–2017, General Conditions of the Contract for Construction. The Owner or the Architect, as appropriate, shall require of the contractors, consultants, agents, and employees of any of them, similar waivers in favor of the other parties enumerated herein.

§ 8.1.3 The Architect and Owner waive consequential damages for claims, disputes, or other matters in question, arising out of or relating to this Agreement. This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination of this Agreement, except as specifically provided in Section 9.7.

§ 8.2 Dispute Resolution

(Paragraphs deleted)

§ 8.2.4 The method of binding dispute resolution shall be the following:

(Check the appropriate box.)

If the Owner and Architect do not select a method of binding dispute resolution, or do not subsequently agree in writing to a binding dispute resolution method other than litigation, the dispute will be resolved in a court of competent jurisdiction.

(Paragraphs deleted)

§ 8.4 The provisions of this Article 8 shall survive the termination of this Agreement.

ARTICLE 9 TERMINATION OR SUSPENSION

§ 9.1 If the Owner fails to make payments to the Architect in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination or, at the Architect's option, cause for suspension of performance of services under this Agreement. If the Architect elects to suspend services, the Architect shall give not less than thirty days' written notice to the Owner before suspending services. In the event of a suspension of services, the Architect shall have no liability to the Owner for delay or damage caused the Owner because of such suspension of services. Before resuming services, the Owner shall pay the Architect all sums due prior to suspension and any expenses incurred in the interruption and resumption of the Architect's services. If the suspension lasts more than 60 consecutive days, the Architect's fees for the remaining services and the time schedules shall be equitably adjusted.

§ 9.2 The Owner may suspend the Architect's Services or the Project at the Owner's convenience and without cause at any time upon written notice to the Architect. If the Owner suspends the Project, the Architect shall be compensated for services performed and completed prior to notice of such suspension. If the Project or the Architect's Services are suspended by the Owner for more than 30 consecutive days, when the Project is resumed, the time schedules for the performance of the Architect's services shall be equitably adjusted, if and as appropriate given the stage of the Project at the time of suspension and resumption, and reason for the suspension. If the Project or the Architect's Services are suspended by the Owner for more than 60 consecutive days, when the Project is resumed, the time schedules for the performance of the Architect's services and the Architect's fees for the remaining services shall be equitably adjusted. No adjustment shall be made if the suspension is attributable to the Architect's failure to perform the Services in accordance with this Agreement, for breach by the Architect of any provision of the Agreement, or for any other reason which is the fault of the Architect.

§ 9.3 If the Owner suspends the Project for more than 90 cumulative days for reasons other than the fault of the Architect, the Architect may terminate this Agreement by giving not less than seven days' written notice.

§ 9.4 Either party may terminate this Agreement upon not less than seven days' written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.

§ 9.5 The Owner may terminate this Agreement upon not less than seven days' written notice to the Architect for the Owner's convenience and without cause.

§ 9.6 If the Owner terminates this Agreement for its convenience pursuant to Section 9.5, or the Architect terminates this Agreement pursuant to Section 9.3, the Owner shall compensate the Architect for services performed and completed prior to termination, Reimbursable Expenses incurred prior to termination, and costs attributable to termination, including the costs attributable to the Architect's termination of consultant agreements. Architect shall not be entitled to payment for services not performed including, without limitation, lost profits or consequential damages, which Architect hereby expressly waives. Promptly upon the termination of this Agreement or the Architect's Services and payment in full of all outstanding invoices received from the Architect and not in dispute, the Architect shall deliver to the Owner copies of all documents prepared by Architect in the performance of its Services under this Agreement, including without limitation all drawings and specifications, and all models prepared by the Architect for the Project prior to the effect date of termination, so as to avoid any delay or increased cost of the Project.

(Paragraphs deleted)

§ 9.8 Except as otherwise expressly provided herein, this Agreement shall terminate one year from the date of Substantial Completion.

§ 9.9 The Owner's rights to use the Architect's Instruments of Service in the event of a termination of this Agreement are set forth in Article 7 and Section 9.7.

§ 9.10 If the Architect is adjudged as bankrupt, or makes a general assignment for the benefit of its creditors, or if a receiver is appointed on account of the Architect's insolvency, or if any provision of the bankruptcy law is invoked by or against the Architect, or if the Architect persistently or repeatedly refuses or fails (except in cases for which extension of time is provided), to perform the Architect's services in accordance with the Agreement, then notwithstanding any other rights or remedies granted the Owner, the Owner may, without prejudice to any other right

Init.

or remedy, (i) terminate the employment of the Architect and/or (ii) finish the Architect's services by whatever method the Owner may deem expedient. In such case, the Architect shall not be entitled to receive any further payment until Architect's services are finished and the Owner may be entitled to recover and deduct from any remaining amounts due Architect all damages allowed by law.

ARTICLE 10 MISCELLANEOUS PROVISIONS

§ 10.1 This Agreement shall be governed by the law of Illinois.. In the event either party initiates litigation regarding or under this Agreement, the only proper jurisdiction and venue shall be the Circuit Court of the Eighteenth Judicial Circuit, DuPage County, Illinois and the parties hereby consent to the jurisdiction of and the proper venue in said Court and waive any challenge to same. Nothing contained in this Agreement shall be construed as a limitation on, or a waiver of, any remedies which the Owner may have at law or in equity.

§ 10.2 Terms in this Agreement shall have the same meaning as those in AIA Document A201-2017, General Conditions of the Contract for Construction.

§ 10.3 The Owner and Architect, respectively, bind themselves, their agents, successors, assigns, and legal representatives to this Agreement. Neither the Owner nor the Architect shall assign this Agreement without the written consent of the other, except that the Owner may assign this Agreement to a lender providing financing for the Project if the lender agrees to assume the Owner's rights and obligations under this Agreement, including any payments due to the Architect by the Owner prior to the assignment.

(Paragraph deleted)

§ 10.5 Nothing contained in this Agreement shall create a contractual relationship with, or a cause of action in favor of, a third party against either the Owner or Architect.

The Architect shall be given reasonable access to the completed Project to make such representations. However, the Architect's materials shall not include the Owner's confidential or proprietary information if the Owner has previously advised the Architect in writing of the specific information considered by the Owner to be confidential or proprietary. The Owner shall provide professional credit for the Architect in the Owner's promotional materials for the Project. This Section 10.7 shall survive the termination of this Agreement unless the Owner terminates this Agreement for cause pursuant to Section 9.4.

§ 10.8 If the Architect or Owner receives information specifically designated as "confidential" or "business proprietary," the receiving party shall keep such information strictly confidential and shall not disclose it to any other person except as set forth in Section 10.8.1. This Section 10.8 shall survive the termination of this Agreement.

§ 10.8.1 The receiving party may disclose "confidential" or "business proprietary" information after 7 days' notice to the other party, when required by law (including, without limitation, pursuant to the Freedom of Information Act (5 ILCS 140/1 *et seq.*), arbitrator's order, or court order, including a subpoena or other form of compulsory legal process issued by a court or governmental entity, or to the extent such information is reasonably necessary for the receiving party to defend itself in any dispute. The receiving party may also disclose such information to its employees, consultants, or contractors in order to perform services or work solely and exclusively for the Project, provided those employees, consultants and contractors are subject to the restrictions on the disclosure and use of such information as set forth in this Section 10.8.

§ 10.9 The invalidity of any provision of the Agreement shall not invalidate the Agreement or its remaining provisions. If it is determined that any provision of the Agreement violates any law, or is otherwise invalid or unenforceable, then that provision shall be revised to the extent necessary to make that provision legal and enforceable. In such case the Agreement shall be construed, to the fullest extent permitted by law, to give effect to the parties' intentions and purposes in executing the Agreement.

- .3 To the best of Architect's knowledge, no officer or employee of Architect has been convicted of bribery or attempting to bribe an officer or employee of the State of Illinois, or any unit of local government, nor has any officer or employee made an admission of guilt of such conduct which is a matter of record.
- .4 Pursuant to the Illinois Human Rights Act (775 ILCS 5/2-105), Architect has a written sexual harassment policy that includes, at a minimum, the following information: (i) a statement on the illegality of sexual harassment; (ii) the definition of sexual harassment under State law; (iii) a description of sexual harassment utilizing examples; (iv) the Architect's internal complaint process including penalties; (v) the legal recourse, investigative and complaint process available through the Illinois Department of Human Rights and the Human Rights Commission and directions on how to contact both; and (vi) protection against retaliation as provided by Section 6-101 of the Illinois Human Rights Act. Architect further certifies that such policy shall remain in full force and effect. A copy of the policy shall be provided to the Illinois Department of Human Rights upon request.
- .5 (i) Architect's proposal was made without any connection or common interest in the profits anticipated to be derived from the Agreement by Architect with any other persons submitting any bid or proposal; (ii) the Contract terms are in all respects fair and the Contract will be entered into by Architect without collusion or fraud; (iii) no official, officer or employee of the Owner has any direct or indirect financial interest in Architect's bid proposal or in Architect; (iv) the Architect has not directly or indirectly provided, and shall not directly or indirectly provide, funds or other consideration to any person or entity (including, but not limited to, the Owner and the Owner's employees and agents), to procure improperly special or unusual treatment with respect to this Agreement or for the purpose of otherwise improperly influencing the relationship between the Owner and the Architect. - .7 Neither Architect nor any substantially owned affiliated company is participating or shall participate in an international boycott in violation of the provisions of the U.S. Export Administration Act of 1979 or the regulations of the U.S. Department of Commerce promulgated under that Act.
- .8 Architect is not barred from contracting with the Owner because of any delinquency in the payment of any tax administrated by the Illinois Department of Revenue, unless it is being contested. Architect further certifies that it understands that making a false statement regarding delinquency in taxes is a Class A misdemeanor and, in addition, voids the Contract and allows the Owner, a municipal entity, to recover in a civil action all amounts paid to the Architect.
- .9 If Architect has 25 or more employees at the time of letting of this Agreement, Architect knows, understands and acknowledges its obligations under the Illinois Drug Free Workplace Act (30 ILCS 580/1 *et seq.*) and certifies that it will provide a drug-free workplace by taking the actions required under, and otherwise implementing on a continuing basis, Section 3 of the Drug Free Workplace Act. Architect further certifies that it has not been debarred and is not ineligible for award of this Agreement as the result of a violation of the Illinois Drug Free Workplace Act.

§12.9 Architect hereby waive any and all consequential damages including, without limitation, damages incurred by the Architect for principal office expenses including the compensation of personnel stationed there, for losses of financing, business and reputation, and for loss of profit, except anticipated profit arising directly from Architect's services.

Company shall obtain insurance of the types and in the amounts listed below.

A. Commercial General and Umbrella Liability Insurance

Company shall maintain commercial general liability (CGL) and, if necessary, commercial umbrella insurance with a limit of not less than \$1,000,000 each occurrence. If such CGL insurance contains a general aggregate limit, it shall apply separately to this project/location.

CGL insurance shall be written on Insurance Services Office (ISO) occurrence form CG 00 01 10 93, or a substitute form providing equivalent coverage, and shall cover liability arising from premises, operations, independent contractors, products-completed operations, personal injury and advertising injury, and liability assumed under an insured contract (including the tort liability of another assumed in a business contract).

District shall be included as an insured under the CGL, using ISO additional insured endorsement CG 20 26 or a substitute providing equivalent coverage, and under the commercial umbrella, if any. This insurance shall apply as primary insurance with respect to any other insurance or self-insurance afforded to District. Any insurance or self-insurance maintained by District shall be excess of Company's insurance and shall not contribute with it.

B. Professional Liability Insurance

Company shall maintain professional liability and, if necessary, commercial umbrella liability insurance with a limit of not less than \$1,000,000 each wrongful act arising out of the performance or failure to perform professional services.

C. Business Auto and Umbrella Liability Insurance

Company shall maintain business auto liability and, if necessary, commercial umbrella liability insurance with a limit of not less than \$1,000,000 each accident. Such insurance shall cover liability arising out of any auto including owned, hired and non-owned autos.

Business auto insurance shall be written on Insurance Services Office (ISO) form CA 00 01, CA 00 05, CA 00 12, CA 00 20, or a substitute form providing equivalent liability coverage. If necessary, the policy shall be endorsed to provide contractual liability coverage equivalent to that provided in the 1990 and later editions of CA 00 01.

D. Workers Compensation Insurance

Company shall maintain workers compensation and employers liability insurance. The commercial umbrella and/or employers liability limits shall not be less than \$1,000,000 each accident for bodily injury by accident or \$1,000,000 each employee for bodily injury by disease.

If District has not been included as an insured under the CGL using ISO additional insured endorsement CG 20 26 under the Commercial General and Umbrella Liability Insurance required in this Contract, the Company waives all rights against District and its officers, officials,

employees, volunteers and agents for recovery of damages arising out of or incident to the Company's work.

Company shall provide a waiver of subrogation on its workers compensation policy in favor of Owner and shall waive any limitation of its or its subcontractors' liability notwithstanding the limitation set forth in *Kotecki v. Cyclops Welding Corp.*, 146 Ill.2d 155 (1991).

E. General Insurance Provisions

1. Evidence of Insurance

Prior to beginning work, Company shall furnish District with a certificate(s) of insurance and applicable policy endorsement(s), executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements set forth above.

All certificates shall provide for 30 days' written notice to District prior to the cancellation or material change of any insurance referred to therein. Written notice to District shall be by certified mail, return receipt requested.

Failure of District to demand such certificate, endorsement or other evidence of full compliance with these insurance requirements or failure of District to identify a deficiency from evidence that is provided shall not be construed as a waiver of Company's obligation to maintain such insurance.

District shall have the right, but not the obligation, of prohibiting Company from beginning work until such certificates or other evidence that insurance has been placed in complete compliance with these requirements is received and approved by District.

Failure to maintain the required insurance may result in termination of this Contract at District's option.

Company shall provide certified copies of all insurance policies required above within 10 days of District's written request for said copies.

2. Acceptability of Insurers

For insurance companies which obtain a rating from A.M. Best, that rating should be no less than A VII using the most recent edition of the A.M. Best's Key Rating Guide. If the Best's rating is less than A VII or a Best's rating is not obtained, the District has the right to reject insurance written by an insurer it deems unacceptable.

3. Cross-Liability Coverage

If Company's liability policies do not contain the standard ISO separation of insured's provision, or a substantially similar clause, they shall be endorsed to provide cross-liability coverage.

4. Deductibles and Self-Insured Retentions

Any deductibles or self-insured retentions must be declared to the District. At the option of the District, the Company may be asked to eliminate such deductibles or self-insured retentions as respects the District, its officers, officials, employees, volunteers and agents or required to procure a bond guaranteeing payment of losses and other related costs including but not limited to investigations, claim administration and defense expenses.

5. Subcontractors

Company shall cause each subcontractor employed by Company to purchase and maintain insurance of the type specified above. When requested by the District, Company shall furnish copies of certificates of insurance evidencing coverage for each subcontractor.
