Certificate of Achievement for Excellence in Financial Reporting

Presented to

Wheaton Park District Illinois

For its Comprehensive Annual Financial Report for the Fiscal Year Ended March 31, 2008

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

President

Executive Director

May 6, 2009

Board of Commissioners Wheaton Park District 600 South Main Street Wheaton, IL 60187

Honorable Commissioners:

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we issue the Comprehensive Annual Financial Report (CAFR) of the Wheaton Park District for the fiscal period ended December 31, 2008.

This report consists of management's representations concerning the finances of the Wheaton Park District. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the Wheaton Park District has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for preparation of the Wheaton Park District's financial statements in conformity with GAAP. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Wheaton Park District's financial statements have been audited by Sikich LLP. The independent auditor's report is presented as the first component of the financial section of this report. GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statement in the form of Management's Discussion and Analysis (MD&A). The MD&A complements the letter of transmittal and should be read in

Board of Commissioners William R. Barrett Dave Blankenship Steve Fieweger Phillip A. Luetkehans Terry A. Mee Ray Morrill Mark Schobel

Administration Office 600 S. Main Street Wheaton, IL 60187 630.665.4710 www.wheatonparkdistrict.com

conjunction with it. The MD&A can be found immediately following the report of the independent auditors.

The Reporting Entity and its Services

The Park District, incorporated in 1921, operates under a Board-Director form of government and provides recreational services and opportunities to the residents of the District. Services which are provided include recreation programs, park management, capital development, and general administration.

Recreational facilities operated by the District include fifty-two (52) parks totaling over 800 acres which encompass the Rice Pool and Water Park, Community Center, Parks Plus Fitness Center, Northside Park Family Aquatic Center, Arrowhead Golf Club, Lincoln Marsh Natural Area and Teams Course, Memorial Senior Center, Prairie Path Mini Golf Course, Cosley Zoo and an assortment of softball/baseball diamonds, football and soccer fields, tennis courts, playgrounds and picnic areas.

The District includes all agencies, departments and organizations of its governmental operations that are controlled by or dependent upon the District as determined on a basis of financial accountability. There are no other organizations for which we have financial accountability. The District, however, participates in the Illinois Municipal Retirement Fund (IMRF), the Western DuPage Special Recreation Association (WDSRA), and the Park District Risk Management Agency (PDRMA). These organizations are considered separate governmental units because they are organized entities, have governmental character and are substantially autonomous. Audited financial statements for these organizations are not included in this report. However, such statements are available upon request from their respective business offices.

Economic Condition and Outlook

The Wheaton Park District is located in DuPage County and is approximately 30 miles west of downtown Chicago. The District serves most of the City of Wheaton, and small portions of Glen Ellyn, Carol Stream, Winfield, and Lisle. The population of the District is estimated to be approximately 55,000. In nearly nine decades of service, the Wheaton Park District continues to grow in facilities, programs, and importance to the lives of its residents.

The District continues to experience slowed growth in both residential and commercial development. Assessed valuations of \$2.481 billion represent an increase of 5.2% over last year. There continues to be an interest in residential and commercial development within the southern portion of the Park District boundary and also in residential areas willing to annex. The Wheaton Park District continues to strive to monitor social, economic, and population changes and to alter programs and services to meet the needs of its residents.

Significant Events and Accomplishments

The District entered into an intergovernmental agreement with DuPage County allowing the District to operate the DuPage County Historical Museum in September 2008. Cooperative efforts with both the City of Wheaton and local school districts have continued to be a top priority for the Wheaton Park District.

Previous accomplishments have included the National Gold Medal Award for Excellence in Park and Recreation Management (2005, 1996, 1990 and 1984), the National Recreation and Park Association Excellence in Aquatics Award (1992) and Illinois Park and Recreation Association Outstanding Award (2008) for Cosley Zoo Day At The Races, and (1993) for Rice Pool and Water Park; and the Daniel Flaherty Award (1993) and the U.S. Department of Interior Innovation Award (1993) for the Lincoln Marsh Wetlands Project.

Financial Management and Control

The management of the District is responsible for establishing and maintaining internal controls designed to ensure that the assets of the District are protected from loss, theft, or misuse and to ensure that adequate accounting data is properly recorded to allow for the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management. All internal control evaluations occur within this framework. Internal control practices are also integrated into the budgetary management of the District's funds. A budget is prepared for each fund; control is provided by verification of appropriation amounts prior to expenditures, as well as a monthly review of actual account totals compared to budget. Additional control is established through published policies and procedures for all aspects of accounting practices of the Park District which includes the recording of receipts and disbursements of funds entrusted to the District.

To ensure sound financial management, proper accounting practices, internal controls, and budgetary planning are affirmed by the continual review of the Board of Commissioners.

The basis of accounting and the funds utilized by the District are fully described in Note 1 of the financial statements. Additional information on the District's budgetary accounting can also be found in the Notes to Required Supplementary Information.

As part of this model, management is responsible for preparing a Management's Discussion and Analysis of the District. This discussion is located in the basic financial statements, providing an assessment of District finances for fiscal year 2008, with comparisons to fiscal year 2007-2008. Effective April 1, 2008, the District changed its fiscal year from April 1 to January 1. This change will cause the fiscal periods presented in this year and again next year to be somewhat misleading as it will result in this year comparing the prior twelve month period with the current nine month period. The same challenge, in reverse will occur next year when we are comparing

the prior nine month period with the twelve months ending December 31, 2009. Management has made every attempt to explain the impact of this variable fiscal period on the figures presented.

Future Initiatives

With funding available from bond issuances and support from other units of government, one future project is the renovation of the Northside Park lagoon.

The District anticipates continuing its program of renovating and updating facilities, structures, athletic fields and courts, playgrounds, and its general infrastructure under its current schedule of improvements and replacements. An audit of all facilities was conducted to determine ADA compliance. The District is also in the process of developing a new comprehensive long-range master plan. This plan is expected to be completed in 2010.

Independent Audit

The Illinois Compiled Statutes require that park districts secure a licensed public accountant designated by the Board of Commissioners to perform an annual audit of all accounts. The firm of Sikich LLP, a firm of licensed certified public accountants, has performed the audit for the fiscal period ended December 31, 2008. The goal of the independent audit was to provide reasonable assurance that the financial statements are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. Their unqualified opinion on the basic financial statements is presented in the financial section of this report.

Certificate of Achievement

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Wheaton Park District for its comprehensive annual financial report for the fiscal year ended March 31, 2008. This was the twenty-first consecutive year that the Wheaton Park District has received this prestigious award.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

This financial report was compiled through the efficient and dedicated efforts of the entire staff of the Finance Department, and the cooperation and assistance rendered by staff from the other departments of the Wheaton Park District. The staff would like to thank the Board of Commissioners for their interest and support in planning and conducting the financial operations of the District in a responsible manner.

Respectfully Submitted,

Mike Benard Executive Director

Rea O. beceury

INDEPENDENT AUDITOR'S REPORT

The Honorable President Members of the Board of Commissioners Wheaton Park District Wheaton, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Wheaton Park District, as of and for the nine months ended December 31, 2008, which collectively comprise the Wheaton Park District's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of the Wheaton Park District's management. Our responsibility is to express opinions on these basic financial statements based on our audit. We did not audit the financial statements of the Cosley Foundation, Inc. (discretely presented component unit), which represents 100% of the assets, net assets and revenues of the discretely presented component unit of the Wheaton Park District. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Cosley Foundation, Inc., is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall basic financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Wheaton Park District, as of December 31, 2008, and the respective changes in financial position, and where applicable, the cash flows of its proprietary funds for the nine months then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis and the required supplementary information listed in the accompanying table of contents are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Wheaton Park District's basic financial statements. The combining and individual fund financial statements and other supplementary information, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements of the Wheaton Park District. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

The information in the introductory and statistical sections listed in the table of contents was not audited by us and, accordingly, we do not express an opinion thereon.

SibichLLP

Aurora, Illinois March 31, 2009

GENERAL PURPOSE EXTERNAL FINANCIAL STATEMENTS

This discussion and analysis is intended to be an easily readable overview of the Wheaton Park District's financial activities for the fiscal period ended December 31, 2008, based on currently known facts, decisions and conditions. This analysis focuses on current year activities and operations and should be read in combination with the transmittal letter that begins on page one and the basic financial statements that follow.

The Management's Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34 *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments*.

FINANCIAL HIGHLIGHTS

The District changed its fiscal year end from March 31 to December 31, effective April 1, 2008. The fiscal period ended December 31, 2008 is a shortened year and includes nine months of activity. Due to the seasonal fluctuations in our operations, the typical assumption that 75% of our operations took place during the shortened nine month fiscal period ended December 31, 2008 would not properly reflect the District's activity for this period. The three months that are excluded, (January, February and March 2008) are the slow season for the majority of our operations except for program registration which historically receives 30% of yearly revenues during these months. At the end of this fiscal period, total governmental funds reported an end of the year fund balance of \$8.1 million, which represents an overall increase of \$0.6 million from the previous year's balance of \$7.5 million. This increase is primarily due to the collection of 99% of property taxes and incurring less than 100% of operating expenses due to the nine month period, offset by transfers to the Internal Service funds for technology and employee health insurance costs.

USING THE ANNUAL REPORT/REPORT LAYOUT

This discussion and analysis is intended to serve as an introduction to the Park District's basic financial statements. The basic financial statements are comprised of three components:

- Government-wide financial statements,
- Fund financial statements, and
- Notes to the financial statements

The government-wide statements are highly condensed and present information about the Park District's finances and operations as a whole, with a longer-term view. Within this view, all District operations are categorized and reported as either governmental or business-type activities.

The fund financial statements tell how we financed our governmental activities in the short-term, as well as what remains for future spending. The fund financial statements also report the Park District's operations in more detail than the government-wide financial statements by providing information about the Park District's most significant funds.

MD&A 1

REPORTING THE PARK DISTRICT AS A WHOLE

The analysis of the Park District as a whole begins on page 3. One of the most important questions asked about the Park District is, "Is the Park District better off or worse off financially as a result of the year's activities?" The Statement of Net Assets and The Statement of Activities provide the basis for answering this question. The statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private – sector companies. This basis of accounting takes into consideration all of the current year's revenues and expenses regardless of when cash is received or paid.

Statement of Net Assets

The Statement of Net Assets presents the assets, liabilities and resulting net assets of the Park District's governmental and business-type activities. Net assets, the difference between assets and liabilities, provide a measure of the District's financial strength, or financial position. Over time, increases or decreases in net assets are an indicator of whether the financial health is improving or deteriorating. However, it is important to consider other non-financial factors such as changes in the District's property tax base or the condition of parks to accurately assess the overall health of the District.

Statement of Activities

The Statement of Activities presents expenses of major programs (functions) and matches direct program revenues with each. To the extent that direct charges and grants do not recover a program's cost, it is paid from general taxes and other resources. The statement simplifies the user's analysis to determine the extent to which programs are self-supporting and/or subsidized by general revenues.

REPORTING THE PARK DISTRICT'S MOST SIGNIFICANT FUNDS

The analysis of the Park District's major funds begins on page 6. These statements reinforce information in the government-wide financial statements or provide additional information. The District's major funds are presented in a separate column in the fund financial statements and the remaining funds are combined into a column titled "Nonmajor Governmental Funds." For the general fund and each major special revenue fund, a Budgetary Comparison Statement is also presented. Users who want to obtain information on non-major funds can find it in the Combining and Individual Fund Statements and Schedules section of the Comprehensive Annual Financial Report (CAFR).

Most of the Park District's activities are reported in governmental funds, which focus on how money flows into and out of funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Park District's general government operations and the basic services it provides. Governmental

activities include recreation, museum operation and general government administration. The relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is reconciled in the financial statements of the Governmental Funds.

Proprietary funds have historically used the same basis of accounting as business-type activities; therefore, these statements will essentially match the information provided in statements for the Park District as a whole. Proprietary fund activity consists of golf course operations (business-type activities), the health insurance fund established in fiscal year 2004 (governmental activities) and the information systems and telecommunications fund established in fiscal period 2008 (governmental activities).

THE PARK DISTRICT AS A WHOLE

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's total net assets of \$18.9 million represent an increase of approximately \$3.2 million from the prior year's total. The total assets increased from the previous year by \$1.4 million, and the total liabilities decreased by \$1.8 million, mainly due to the impact that the change of fiscal year end to December 31 had on the District's accrued interest, unearned revenue and accrued payroll liability. A condensed version of the Statement of Net Assets at December 31, 2008 and March 31, 2008 follows:

| | | Table | 1 | | | |
|-------------------------------|------------------|----------------|-----------|----------------|---------------|----------|

| Capital assets | 32,066 | 19,516 | 51,582 | 31,715 | 19,529 | 51,244 |
| Total assets | 56,782 | 19,942 | 76,724 | 55,224 | 20,121 | 75,345 |
| Liabilities: | | | | | | |
| Current and other liabilities | 15,931 | 607 | 16,538 | 15,829 | 862 | 16,691 |
| Long-term liabilities: | , | | , | , | | , |
| Due within one year | 2,046 | 217 | 2,263 | 1,802 | 198 | 2,000 |
| Due in more than one year | 28,582 | 10,426 | 39,008 | 30,536 | 10,387 | 40,923 |
| Total liabilities | 46,559 | 11,250 | 57,809 | 48,167 | 11,447 | 59,614 |
| Net Assets: | | | | | | |
| Invested in capital assets, | | | | | | |
| net of debt | 3,912 | 8,969 | 12,881 | 1,187 | 9,024 | 10,211 |
| Restricted | 5,773 | - | 5,773 | 7,005 | - | 7,005 |
| Unrestricted (deficit) | 538 | (277) | 261 | (1,135) | (350) | (1,485) |
| Total Net Assets | \$10,223 | \$8,692 | \$18,915 | \$7,057 | \$8,674 | \$15,731 |

The governmental activities end of year total net assets of \$10.2 million represents an increase of \$3.1 million from the beginning of the year's net asset balance of \$7.1 million. There are restrictions on \$5.7 million of net assets for governmental activities, a decrease of \$1.3 million from the beginning balance of \$7.0 million. These restrictions represent legal or contractual obligations on how the assets may be expended, specifically for liability insurance (\$252K), debt service (\$182K), audit purposes (\$9K), employee retirement (\$545K), special recreation (\$819K), paving and lighting (\$2K) and capital projects (\$3.965 million).

The end of the year total net assets for business type activities of \$8.692 million reflects a slight increase from the beginning balance of \$8.674 million. A summary of changes in net assets follows:

| For the Fi | | Table 2 tal and Busind hanges in Ne ided Decembo | ess-Type A t Assets | | 1, 2008 | |

Governmental Activities

The cost of all governmental activities this year was \$13,521,656 a decrease of \$4,351,772 from previous year's expenses. Fees collected from those who directly benefited from or contributed to programs offset \$4,132,607 of the total cost.

In the table below, we have presented the cost of each of the Park District's largest functions, as well as the program's net cost (total cost less revenues generated by the activities), with the twelve months ended March 31, 2008. The net cost shows the financial burden that was placed on the Park District's taxpayers by each of these functions. Providing this information allows our citizens to consider the cost of each function in comparison to the benefits they believe are provided by that function.

| Table 3 Governmental Activities | | | | | |
|---------------------------------------|-------------|---------------|-------------|-------------|--|
| | | in thousands) | | | |
| | December | 31, 2008 | March 3 | 31, 2008 | |
| | Total Cost | Net Cost | Total Cost | Net Cost | |
| | of Services | of Services | of Services | of Services | |
| General | \$5,217 | 5,217 | \$8,602 | 8,476 | |
| Recreation | 6,417 | 2,230 | 6,422 | 1,453 | |
| Museum | 1,003 | 839 | 1,184 | 1,049 | |
| Interest on long-term | | | | | |
| Liabilities | 885 | 885 | 1,665 | 1,665 | |
| Total Expenses | \$13,522 | \$9,171 | \$17,873 | \$12,643 | |

Governmental revenue for the year also included \$218,652 in grants for both capital and operating activities, \$13,382,502 in property and replacement taxes, and miscellaneous sources, including interest, which totaled \$264,353.

Business-type Activities

The Park District's business-type programs encompass only the operations of the golf course.

The cost of providing all business-type activities this year was \$6.9 million comprised of \$5.9 million in operating expenditures, \$0.6 million in interest and \$0.2 million in amortization. Revenues consisted of \$5.7 million in collected user fees for goods and services.

THE PARK DISTRICT'S FUNDS

As indicated earlier, the Park District's governmental funds are accounted for on the modified accrual basis of accounting. Governmental funds reported a combined total of \$17,998,114 of revenues and \$16,065,326 in expenditures. After offsetting transfers and the addition of \$19,300 in gain on the sale of capital assets, the resulting combined increase in the fund balance of all governmental funds at December 31, 2008 was \$641,897. The combined fund balance of all governmental funds at December 31, 2008 was \$8,103,017 compared to the combined fund balance for all governmental funds of \$7,461,120 at March 31, 2008.

General Fund revenues and expenditures totaled \$2,346,593 and \$2,262,780, respectively. After transfers in of \$576,250, the fund balance increased by \$660,063, which was better than the \$13,410 budgeted increase in fund balance. The fund balance at December 31, 2008 was \$810,682.

Revenues for the Recreation Fund totaled \$7,630,573; expenditures totaled \$6,001,566, and transfers out totaled \$576,250. The ending fund balance at December 31, 2008 of \$1,473,033 was an increase of \$1,052,757 from the beginning fund balance of \$420,276.

Revenues for the Cosley Zoo totaled \$928,886 and expenditures totaled \$883,251 resulting in a fund balance increase of \$45,635. The beginning of the year fund deficit of \$5,815 was eliminated and the ending fund balance at December 31, 2008 was \$39,820.

The Retirement Fund showed revenues of \$1,571,659 and expenditures of \$949,624. The change in fund balance of \$622,035 eliminated the beginning of the year deficit of \$77,496 and resulted in an ending fund balance on December 31, 2008 of \$544,539.

The Debt Service Fund showed revenues of \$3,873,723 for the year and expenditures of \$2,970,466. After transfers out of \$909,456, the fund balance decreased by \$6,199 to an ending fund balance of \$181,845 at December 31, 2008.

Revenues for the Capital Projects Fund totaled \$137,996; expenditures totaled \$746,380, and transfers in totaled \$2,431,727. The ending fund balance at December 31, 2008 of \$2,999,969 was an increase of \$1,823,343 from the beginning fund balance of \$1,176,626.

RECREATION FUND BUDGETING HIGHLIGHTS

On the revenue side, actual revenues in the Recreation Fund were less than budgeted revenues by \$1,030,799, which is a variance of 12%. Recreation Fund expenditures came in under budget by \$1,788,628, which is a variance of 23%. The large variances are attributable to the shortened fiscal period which covers nine months of activity; whereas, the budget period covers a full twelve months of activity.

The combination of the \$1,030,799 revenue deficiency offset by the \$1,788,628 shortage in expenditures resulted in an actual total fund excess of \$757,829 compared to the budget. This exceeded the March 31, 2008 budget to actual excess of \$524,916.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

As of December 31, 2008 the District has invested approximately \$52 million in capital assets (net of accumulated depreciation), as reflected in the following table:

| | - | Table al Assets (net per 31, 2008 a (in thous | of deprec nd March | | | |
|--------------------------|--------------|--|-----------------------|--------------|----------------|----------|
| | Dec | ember 31, 2008 | sanus) | N | Iarch 31, 2008 | |
| | | Business- | | 1 | Business- | |
| | Governmental | Туре | | Governmental | Туре | |
| | Activities | Activities | Total | Activities | Activities | Total |
| Land | \$10,178 | \$5,761 | \$15,939 | \$10,178 | \$5,761 | \$15,939 |
| Construction in progress | 224 | - | 224 | 136 | - | 136 |
| Land Improvements | 4,048 | 2,178 | 6,226 | 4,012 | 2,275 | 6,287 |
| Buildings | 15,154 | 10,543 | 25,697 | 15,311 | 10,569 | 25,880 |
| Furniture and equipment | 2,113 | 1,027 | 3,140 | 1,762 | 914 | 2,676 |
| Vehicles | 349 | 8 | 357 | 316 | 10 | 326 |
| Net Capital Assets | \$32,066 | \$19,517 | \$51,583 | \$31,715 | \$19,529 | \$51,244 |

The Park District showed an increase in governmental net capital assets primarily due to the purchase of new equipment and vehicles. Business-type net capital assets decreased due primarily to the depreciation of the new clubhouse facility. Further detail is included in note 4 of the notes to the financial statements beginning on page 26.

Debt Administration

As of year-end, the District had \$30.3 million in Governmental-type debt outstanding compared to \$32.0 million last year. The net decrease is a result of \$1.7 million in debt service principle payments. Below is a breakdown of the District's outstanding debt as of December 31, 2008 and March 31, 2008.

| Table 5Outstanding DebtDecember 31, 2008 and March 31, 2008(in thousands) | | | | | |
|---|------------|-----------|--|--|--|
| Governmental Activities | 12/31/2008 | 3/31/2008 | | | |
| General obligation bonds | \$27,446 | \$29,032 | | | |
| Capital lease | 67 | 53 | | | |
| Deferred amounts for issuance premium | 5,508 | 5,822 | | | |
| Deferred amounts for issuance discount | (1,428) | (1,526) | | | |
| Deferred amount on refunding | (1,295) | (1,381) | | | |
| Total | \$30,298 | \$32,000 | | | |
| Business-Type Activities | 12/31/2008 | 3/31/2008 | | | |
| General obligation bonds | \$13,752 | \$13,910 | | | |
| Deferred amounts for issuance discount | (3,206) | (3,405) | | | |
| Total | \$10,546 | \$10,505 | | | |

Additional information on the District's long-term debt can be found in note 5 of the notes to the financial statements beginning on page 27.

Moody's Investor Service rates the District's general obligation bonds Aa.

NEXT YEAR'S BUDGETS AND RATES

The 2009 fiscal year operating budget is \$30,402,344 which represents a 6.68% decrease over the fiscal year 2008 budget. The 2009 fiscal year capital budget is \$1,911,315 an 18.11% decrease compared to fiscal year 2008.

The operational and capital components of the 2009 budget total \$32,313,359, a 7.44% decrease from the budgeted \$34,910,923 for fiscal year 2008.

DECISIONS EXPECTED TO HAVE AN EFFECT ON FUTURE OPERATIONS

Many trends and economic factors can affect the future operations of the Park District and during budgeting and long range planning these factors need to be considered. Private sector development of competitive facilities and comparable services in the area, trends in facility usage, and the availability for acquisition of open space and facilities are constant considerations. There are several additional major factors that the Park District has been dealing with and will address in the upcoming budget year as well:

- The continuing negative effect of the tax cap on the District's property tax revenue
- The current State of Illinois budget crisis, which has significantly decreased and in some cases halted grant funding
- Rising group health insurance costs

- Rising mandated employer contributions for the Illinois Municipal Retirement Fund
- Low interest earnings rates
- Increased competition from private industry for participants and users

FINANCIAL CONTACT

The District's financial statements are designed to present users (citizens, taxpayers, investors, customers and creditors) with a general overview of the District's finances and to demonstrate the District's accountability. If you have questions about the report or need additional financial information, please contact the Park District's Finance Director, Rita A. Trainor, 102 E. Wesley Street, Wheaton, IL 60187.

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE GOVERNMENTAL ACTIVITIES IN THE STATEMENT OF ACTIVITIES

For the Nine Months Ended December 31, 2008

| NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS | \$ 641,897 |
|--|---|
| Amounts reported for governmental activities in the statement of activities are different because: | |
| Governmental funds report capital outlay as expenditures; however, they are capitalized and depreciated in the statement of activities Less internal service funds | 1,021,707 (75,732) |
| Some expenses in the statement of activities (e.g., depreciation) do not require the use of current financial resources and, therefore, are not reported as expenditures in the government funds Less internal service funds | (663,972) 13,995 |
| The loss on the disposal of capital assets is shown as an expense on the statement of activities | (106,566) |
| The repayment of long-term debt is reported as an expenditure when due in governmental funds but as a reduction of principal outstanding in the statement of activities General obligation bonds Capital lease | 1,585,780 120,076 |
| Less internal service funds | (67,171) |
| The issuance costs on long-term debt are reported as an expenditure in governmental funds but as a deferred charge on the statement of net assets: Amortization of premiums on bonds Amortization of discounts on bonds Amortization of loss on refunding of bonds Amortization of prior issuance costs | 313,437 (98,340) (86,336) (22,676) |
| The change in accrued interest payable on long-term debt is reported as an expense on the statement of activities | 341,211 |
| The change in compensated absences liability is reported as an expense on the statement of activities | 9,870 |
| The change in net assets of the activities of the internal service fund is in governmental funds | 239,087 |
| CHANGE IN NET ASSETS OF GOVERNMENTAL ACTIVITIES | \$ 3,166,267 |

See accompanying notes to financial statements.

NOTES TO FINANCIAL STATEMENTS

December 31, 2008

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Wheaton Park District (the District) have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to government units (hereinafter referred to as generally accepted accounting principles (GAAP)). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

a. Reporting Entity

The District is a body corporate and politic established under Illinois Compiled Statutes (ILCS). The District is considered to be a primary government as defined by GASB Statement No. 14, since it is legally separate and fiscally independent. Effective April 1, 2008, the District changed its fiscal year from March 31 to December 31. Accordingly, these financial statements present information for the nine-month period of April 1, 2008 to December 31, 2008.

The District participates with other park districts in the organization known as West DuPage Special Recreation Association (WDSRA). WDSRA is governed by a board appointed equally by the member districts. The District levies property taxes in the Special Recreation Fund to provide for its share of the cost of the operations of WDSRA. WDSRA is considered to be a jointly governed organization of the member districts. During the nine months ended December 31, 2008, the District contributed \$976,939 to WDSRA.

Discretely Presented Component Unit

The District has determined that the Cosley Foundation, Inc. meets the requirements of GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units, an amendment of GASB Statement 14,* which has resulted in the Cosley Foundation, Inc. (the Foundation) being reported as a discretely presented component unit of the District as it is legally separate from the District. Separate financial statements of the Foundation are available by contacting the Administrative Office of the Wheaton Park District, 102 E. Wesley Street, Wheaton, Illinois 60187.

b. Fund Accounting

The District uses funds to report on its financial position and the changes in its financial position. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain governmental functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

Funds are classified into the following categories: governmental, proprietary and fiduciary.

Governmental funds are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the acquisition or construction of capital assets (capital projects funds) and the servicing of governmental long-term debt (debt service funds). The general (corporate) fund is used to account for all activities of the government not accounted for in some other fund.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the District (internal service funds). Pursuant to GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds*, the District has chosen to apply all GASB pronouncements as well as those FASB pronouncements issued on or before November 30, 1989 to account for its enterprise funds. The District has no fiduciary funds.

c. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the District. The effect of material interfund activity has been eliminated from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on user fees and charges for support.

c. Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. Contributions of land by developers under land/cash ordinances, if any, are reported as general revenues - contributions on the statement of activities.

Separate financial statements are provided for governmental funds, proprietary funds and, if applicable, fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

The District reports the following major governmental funds:

The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

The Recreation Fund is used to account for revenue and expenditures related to recreation programs funded by a tax levy and user fees.

The Cosley Zoo Fund is used to account for the activities of the Cosley Zoo. The District has elected to report this fund as a major fund.

The Retirement Fund is used to account for the activities resulting from the District's participation in the IMRF and OASDI/Medicare. Financing is provided by a specific annual property tax levy which produces a sufficient amount to pay the District's contributions to IMRF and OASDI/Medicare on behalf of the District's employees.

The Debt Service Fund is used to account for the accumulation of resources for and the payment of principal and interest on governmental activities long-term debt.

c. Government-Wide and Fund Financial Statements (Continued)

The Capital Projects Fund is used to account for the cost of park land acquisition and development including transfers to the Debt Service Fund for principal and interest payments for capital projects funded by bond issues. Financing is provided by the sale of various general obligation bonds issues and internal and grant funding.

The District reports the following major proprietary fund:

The Golf Course Fund accounts for the operation of the Arrowhead Golf Course and Clubhouse. Operations include greens fees, driving range, lessons, banquets, rentals and food and beverage sales. The cost of operations is recovered through user charges.

The District reports the following internal service funds:

The Information Systems and Telecommunications Fund accounts for the costs related to the maintenance and capital expenditures for the District's information systems and related telecommunications.

The Insurance Fund accounts for the health insurance costs of the employees of the District.

d. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. With this measurement focus, all assets and all liabilities associated with the operation of these activities/funds are included on the statement of net assets. Revenues are recorded when earned and expenses are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied (i.e., intended to finance). Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Operating revenues and expenses are directly attributable to the operation of these funds. Nonoperating revenue/expenses are incidental to the operations of these funds.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

d. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period (60 days). The District recognizes property taxes when they become both measurable and available in the year intended to finance. Expenditures are recorded when the related liability is incurred. Principal and interest on general long-term debt are recorded as expenditures when they become due.

Those revenues susceptible to accrual are property taxes, interest revenue, grants and charges for services.

The District reports unearned/deferred revenue on its financial statements. Unearned/deferred revenues arise when potential revenue does not meet both the measurable and available criteria for recognition in the current period for governmental funds or earned at the government-wide level. Unearned/deferred revenues also arise when resources are received by the District before it has legal claim to them as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when revenue recognition criteria are met, or when the District has a legal claim to the resources by meeting all eligibility requirements, the liability for unearned/deferred revenue is removed from the financial statements and revenue is recognized.

e. Cash Equivalents

For purposes of the statement of cash flows, the Enterprise Fund considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

f. Investments

The District's investments are recorded at fair value, except for non-negotiable certificates of deposits, if any, which are reported at cost. Fair value is based on published market prices as of December 31, 2008.

g. Inventories

Inventories consist of amounts available for resale and are accounted for using the consumption method. Inventories are valued at cost on the average cost method.

h. Prepaid Expenses/Items

Certain payments to vendors reflect costs applicable to future accounting periods, and are recorded as prepaid expenses/items. Such amounts are offset by fund balance reserved for prepaid items in the fund financial statements.

i. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., bike trails, paths and similar items) are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are reported at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is not included as part of the capitalized value of the assets constructed. Property, plant and equipment is depreciated using the straight-line method over the following estimated useful lives:

| Assets | Years |
|-------------------|-------|
| | |
| Land improvements | 10-20 |
| Buildings | 10-30 |
| Automobiles | 3-10 |
| Equipment | 3-10 |

j. Long-Term Obligations

In the government-wide financial statements and the proprietary fund in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund financial statements. Bond premiums and discounts, as well as issuance costs and loss on refundings, are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount and loss on refundings. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

j. Long-Term Obligations (Continued)

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs and loss on refundings, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts and loss on refundings on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

k. Accrued Compensated Absences

Accumulated unpaid vacation pay is accrued by the District on the statement of net assets and the proprietary fund financial statements. Employees who work a 12-month year are entitled to compensated vacation time. Vacations are usually taken within the anniversary year of each employee. The liability for accumulated unpaid vacation pay is based upon accumulated days at December 31, 2008, times the current pay rate (including certain benefits) for each employee.

All full-time employees receive one sick day per month. Unused sick leave days accumulate to a maximum of 30 days for full-time personnel. The District does not reimburse employees for unused sick days remaining upon termination of employment. Employees can receive an annual payout for unused sick days up to a maximum of six days per year. Therefore, no accrual has been made for sick leave as sick leave does not vest or accumulate.

l. Net Assets/Fund Balance

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change. None of the restricted assets result from enabling legislation adopted by the District. In the government-wide financial statements, restricted net assets are legally restricted by outside parties for a specific purpose. Invested in capital assets, net of related debt, represents the District's investment in the book value of capital assets, less any outstanding debt that was issued to construct or acquire the capital asset.

m. Interfund Transactions

Internal services transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except internal services transactions and reimbursements, are reported as transfers.

n. Interfund Receivables/Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

2. DEPOSITS AND INVESTMENTS

The District's investment policy authorizes the District to make deposits/invest in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, interest-bearing certificates of deposit, institution money market funds, interest-bearing savings and money market accounts, included Illinois Funds, time deposits, commercial paper, corporate debt obligations, repurchase agreements, asset-backed securities and mortgage-backed securities and Illinois Funds.

Illinois Funds is an investment pool managed by the State of Illinois, Office of the Treasurer, which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at Illinois Funds' share price, which is the price for which the investment could be sold.

It is the policy of the District to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the District and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objective of the policy is safety (protection of investment principal), liquidity and yield.

2. DEPOSITS AND INVESTMENTS (Continued)

Deposits

Custodial credit risk for deposits with financial institutions is the risk that in the event of a bank's failure, the District's deposits may not be returned to it. The District's investment policy requires pledging of collateral with a fair value of 110% of all bank balances in excess of federal depository insurance with the collateral held by the District or an agent of the District witnessed by a safekeeping receipt.

Investments

The following table presents the investments and maturities of the District's debt securities as of December 31, 2008:

| | | Investment Maturities in Years | | | | | |
|--|--------------|--------------------------------|---------|------|-----------------|--|--|
| Investment Type | Fair Value | Less than 1 | 1-5 | 6-10 | Greater than 10 | | |
| Illinois Funds Illinois Park District | \$ 3,252,150 | \$ 3,252,150 | \$ - \$ | - | \$ - | | |
| Liquid Asset Fund | 8,164 | 8,164 | - | - | - | | |
| Money Market Mutual | | | | | | | |
| Fund | 1,296,469 | 1,296,469 | - | - | - | | |
| TOTAL | \$ 4,556,783 | \$ 4,556,783 | \$ - \$ | - | \$ - | | |

In accordance with its investment policy, the District limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds and maximizing yields for funds not needed within a three-year period. The investment policy limits the maximum maturity length of investments for nonasset-backed securities to three years from date of purchase. Asset-backed securities must have a weighted average maturity of less than three years. The maximum weighted average maturity for all of the District's investments may not exceed 18 months.

The District limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity by requiring investments with short-term ratings to be rated at least P01, A-1 or F1 by one of the three major rating agencies. All issues with long-term ratings must have at least one rating that is at least A2 or the equivalent. The minimum average credit quality of the portfolio must not be below AA- or the equivalent. Illinois Funds, Illinois Park District Liquid Asset Fund and money market mutual fund are rated AAA.

2. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the District will not be able to recover the value of its investments that are in possession of an outside party. The District's investment policy does not address custodial credit risk.

Concentration of credit risk - The District's investment policy requires diversification to avoid unreasonable risk and provides the following requirements. Single issuers are limited to 5% of the total market value of the portfolio, with the exception of US Treasury and agency securities, tri-party repurchase agreements and money market mutual funds which are exempted from this limit. Corporate debt obligations may not exceed 50% of the total market value of the portfolio.

3. PROPERTY TAX CALENDAR

The following information gives significant dates on the property tax calendar of the District.

- The property tax lien date is January 1;
- The annual tax levy ordinance for 2007 was passed November 28, 2007;
- Property taxes are due to the County Collector in two installments, June 1 and September 1;
- Property taxes for 2007 are normally received semi-monthly in June and September of 2008 and monthly in July, August, October, November and December of 2008.

Property tax revenues are recognized in the year intended to finance. The 2008 tax levy is intended to finance the 2009 fiscal year and is not considered available for current operations and is, therefore, shown as a receivable and deferred revenue at year end. The District assumes 1% of the levy is uncollectible.

4. CAPITAL ASSETS

Capital asset activity for the nine months ended December 31, 2008 was as follows:

| | Beginning Balances | Increases | Decreases | Ending Balances |
|---|-----------------------|------------|------------|--------------------|
| GOVERNMENTAL ACTIVITIES | | | | |

Long-term debt at December 31, 2008 is comprised of the following individual bond issues:

General Obligation Bonds

Governmental Activities

| \$24,475,000 General Obligation Refunding Park Bonds, Series 2005 dated June 1, 2005, a portion of which was later defeased, due in annual principal installments of \$205,000 to \$1,285,000 on December 30, 2005 to December 1, 2022, interest at 3.00% to 5.00%. | \$ 10,555,000 |
|--|---------------|
| \$5,820,000 General Obligation Park Bonds, Series 2005A dated December 30, 2005 due in annual principal installments of \$175,000 to \$950,000 on December 30, 2007 to December 30, 2026, interest at 4.0% to 4.25%. | 4,515,000 |
| \$4,820,000 General Obligation Refunding Park Bonds, Series 2005B dated December 30, 2005 due in annual principal installment of \$150,000 to \$375,000 on December 30, 2007 to December 30, 2026 with interest at 4.80% to 5.75%. | 4,315,000 |
| \$20,980,000 General Obligation Refunding Park Bonds, Series 2005C dated December 30, 2005 due in annual principal installments of \$135,000 to \$3,580,000 on December 30, 2007 to December 30, 2022 with interest at 4.85% to 5.60%. | 6,857,900 |
| \$2,065,000 General Obligation Limited Park Bonds, Series 2007 dated March 1, 2007 due in annual principal installments of \$1,160,000 to \$445,000 on December 30, 2007 to December 30, 2009 with interest at 4.125%. | 460,000 |
| \$1,472,025 General Obligation Limited Park Bonds, Series 2008 dated February 13, 2008 due in annual principal installments of \$728,230 to \$743,795 on December 15, 2008 to December 30, 2009 with interest at 2.528%. | 743,795 |
| TOTAL GENERAL OBLIGATION BONDS | \$ 27,446,695 |

5. LONG-TERM DEBT (Continued)

General Obligations Bonds (Continued)

Business-Type Activities

\$20,980,000 General Obligation Refunding Park Bonds, Series 2005C dated December 30, 2005 due in annual principal installments of \$135,000 to \$3,580,000 on December 30, 2007 to December 30, 2022 with interest at 4.85% to 5.60%.

\$ 13,752,100

Capital Lease

The District entered into two capital lease arrangements to purchase telephone and other communication equipment. Payments of \$2,388 are due monthly to July 1, 2011 with one monthly payment of \$793 due August 1, 2011. The total value of assets purchased under this agreement as of December 31, 2008 is \$118,098 of equipment.

Obligations of governmental activities under capital leases, including future interest payments, at December 31, 2008 were as follows:

| Fiscal Period Ending | Capital |
|---|-----------------------|
| December 31, | Leases |
| 2009 | \$ 28,655 |
| 2010 | 28,655 |
| 2011 | 17,508 |
| Total minimum lease payments Less amount representing interest costs | 74,818 (7,647) |
| PRESENT VALUE OF MINIMUM LEASE PAYMENTS | \$ 67,171 |

5. LONG-TERM DEBT (Continued)

The annual requirements to amortize to maturity serial debt outstanding as of December 31, 2008 are as follows:

Advance Refunding

On June 1, 2005 and December 30, 2005, the District issued a total of \$50,275,000 in General Obligation Refunding Bonds to advance refund the 1999B, 2000B, 2000D, 2001A, 2001C, 2002B, 2003A, 2003D, 2004A, 2004B, 2004C Capital Appreciation General Obligation Bonds and \$13,920,000 of the 2005 General Obligation Refunding Bonds. On December 30, 2005, the District deposited \$48,307,230 into an irrevocable escrow, to advance refund, through a legal defeasance, the above mentioned bonds. At December 31, 2008, \$16,948,786 principal of the bonds are outstanding and being paid from escrow.

6. RISK MANAGMENT

The District is exposed to various risks related to torts; theft of, damage to and destruction of assets; errors and omissions; employee health; injuries to employees; and net income losses. Since June 5, 2001, the District has been a member of the Park District Risk Management Agency (PDRMA) Property/Casualty Program, a joint risk management pool of park and forest preserve districts, and special recreation associations through which property, general liability, automobile liability, crime, boiler and machinery, public officials', employment practices liability and workers' compensation coverage is provided in excess of specified limits for the members, acting as a single insurable unit. The following table is a summary of the coverage in effect for the period January 1, 2008 through January 1, 2009.

| | Coverage | | lember ductible | Se | PDRMA If-Insured Retention | Limits | Insurance Company | Policy Number |

Losses exceeding the per occurrence self-insured and reinsurance limit would be the responsibility of the District. The District is not aware of any additional amounts owed to PDRMA at December 31, 2008.

As a member of PDRMA's Property/Casualty Program, the District is represented on the Property/Casualty Program Council and the Membership Assembly and is entitled to one vote on each. The relationship between the District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the District's governing body. The District is contractually obligated to make all annual and supplementary contributions to PDRMA, to report claims on a timely basis, cooperate with PDRMA, its claims administrator and attorneys in claims investigation and settlement and to follow risk management procedures as outlined by PDRMA.

Members have a contractual obligation to fund any deficit of PDRMA attributable to a membership year during which they were a member. PDRMA is responsible for administering the self-insurance program and purchasing excess insurance according to the direction of the Property/Casualty Program Council. PDRMA also provides its members with risk management services, including the defense of and settlement of claims, and establishes reasonable and necessary loss reduction and prevention procedures to be followed by the members.

6. RISK MANAGEMENT (Continued)

PDRMA Health Program

Since 1984, the District has participated in the PDRMA Health Program, a health insurance pool of park districts, special recreation associations and public service organizations through which medical, vision, dental, life and prescription drug card coverage are provided in excess of specified limits for the members, acting as a single insurable unit. The pool purchases excess insurance covering single claims over \$200,000. The District's payments to the PDRMA Health Program are displayed on the financial statements as expenditures in the governmental funds.

As a member of the PDRMA Health Program, the District is represented on the Health Program Council as well as the Membership Assembly and is entitled to one vote on each. The relationship between the District and PDRMA is governed by a contract and by-laws that have been adopted by resolution of the each member's governing body. Members are contractually obligated to make all monthly payments to the PDRMA Health Program and to fund any deficit of the PDRMA Health Program upon dissolution of the pool. They will share in any surplus of the pool based on a decision by the Health Program Council.

The District does not have any control over the activities of the PDRMA Health Program beyond its representation on the Board of Directors. The District is not aware of any supplemental contributions owed to the PDRMA Health Program at December 31, 2008.

At December 31, 2008, the total equity of the PDRMA Health Program was \$7,828,505. For the period ended December 31, 2008, the net loss of the PDRMA Health Program was \$199,429. The District made payments of \$524,113 to the PDRMA Health Program during the period ended December 31, 2008.

A large percentage of the PDRMA Health Program's liabilities are reserved for losses and loss adjustment expenses, which are based on an actuarial estimate of the ultimate losses incurred.

PDRMA's rates for its members' employees are age based.

Complete financial statements for the PDRMA Health Program can be obtained from the PDRMA's administration offices at 2033 Burlington Avenue, Lisle, Illinois.

7. RETIREMENT FUND COMMITMENTS

Illinois Municipal Retirement Fund

The District's defined benefit pension plan, Illinois Municipal Retirement Fund (IMRF), provides retirement, disability, annual cost of living adjustments and death benefits to plan members and beneficiaries. IMRF is an agent multiple-employer pension plan that acts as a common investment and administrative agent for local governments and school districts in Illinois. The Illinois Pension Code establishes the benefit provisions of the plan that can only be amended by the Illinois General Assembly. IMRF issues a publicly available financial report that includes financial statements and required supplementary information for the plan as a whole but not by individual employer. That report may be obtained by writing to the Illinois Municipal Retirement Fund, 2211 York Road, Suite 500, Oak Brook, Illinois 60523.

All employees hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. Pension benefits vest after eight years of service. Participating members who retire at or after age 60 with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

Employees participating in IMRF are required to contribute 4.5% of their annual covered salary. The member rate is established by state statute. The District is required to contribute at an actuarially determined rate. The employer rate for calendar year 2008 was 11.14% of covered payroll. The employer contribution requirements are established and may be amended by the IMRF Board of Trustees.

For December 31, 2008, the District's annual pension cost of \$717,600 was equal to the District's required and actual contributions. The required contribution was determined as part of the December 31, 2006 actuarial valuation using the entry-age actuarial cost method. The actuarial assumptions included (a) 7.50% investment rate of return (net of administrative expenses), (b) projected salary increases ranging from 0.4% to 10.0% per year, (c) 3.00% per year cost-of-living adjustments and (d) post-retirement benefit increases of 3% annually. Both (a) and (b) included an inflation component of 4.00%. The actuarial value of IMRF assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five-year period. IMRF's unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at December 31, 2008 was 24 years.

7. RETIREMENT FUND COMMITMENTS (Continued)

Illinois Municipal Retirement Fund (Continued)

Employer annual pension cost (APC), actual contributions and the net pension obligation (NPO) are as follows. The NPO is the cumulative difference between the APC and the contributions actually made.

| For Calendar Year | Annual Pension Cost (APC) | Percentage of APC Contributed | Net Pension Obligation | | |
|-------------------------|-------------------------------------|-------------------------------------|------------------------------|-------------|--|
| 2006 2007 2008 | \$ 575,135 598,600 717,600 | 100.00% 100.00% 100.00% | \$ | - - - | |

The funded status of the plan as of December 31, 2008 is based on actuarial valuations performed as of December 31, 2007 for IMRF and is as follows. The actuarial assumptions used to determine the funded status of the plan are the same actuarial assumptions used to determine the employer APC of the plan as disclosed above.

| Actuarial accrued liability (AAL) | \$ 10,791,029 |
|---|------------------|
| Actuarial value of plan assets | 6,776,541 |
| Unfunded actuarial accrued liability (UAAL) | 4,014,488 |
| Funded ratio (actuarial value of plan assets/AAL) | 62.80% |
| Covered payroll (active plan members) | \$ 6,441,653 |
| UAAL as a percentage of covered payroll | 62.32% |

See the schedule of funding progress in the required supplementary information immediately following the notes to financial statements for additional information related to the funded status of the plan.

8. OTHER POST-EMPLOYMENT BENEFITS

The District's health insurance provider utilizes age based rates. Former employees who choose to retain their rights to health insurance through the District are required to pay 100% of the current premium. Therefore, there is no implicit subsidy to calculate in accordance with GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Post-employment Benefits Other Than Pensions*. Additionally, the District had no former employees for which the District was providing an explicit subsidy as of December 31, 2008. For the year ended December 31, 2008, the District has two former employees for the year was \$26,855.

9. INDIVIDUAL FUND DISCLOSURES

Interfund Transfers

Individual fund interfund transfers are as follows:

| | - - | Fransfers | Transfers |
|-----------------------------|--------|-----------|--------------|
| | | In | Out |
| | | | |
| General Fund | \$ | 576,250 | \$ - |
| Recreation Fund | | - | 576,250 |
| Cosley Fund | | - | - |
| Debt Service Fund | | - | 909,456 |
| Capital Projects | | 2,431,727 | - |
| Golf Course Fund | | 1,310,191 | - |
| Nonmajor Governmental Funds | | 980,412 | 3,812,874 |
| | | | |
| TOTAL | \$ | 5,298,580 | \$ 5,298,580 |

The purposes of significant transfers are as follows:

- \$576,250 transferred to the General Fund from the Recreation Fund is to fund the maintenance of the recreational facilities of the District and to fund a portion of the Atten Field athletic lights. The transfer will not be repaid.
- \$909,456 transferred to the Golf Course Fund from the Long-Term Debt Fund is to transfer property tax funds to the Golf Course Fund related to the tax levied for the golf course debt. The transfer will not be repaid.
- \$3,054,909 transferred from the nonmajor governmental funds (Capital Projects Bonds Proceeds) to the Capital Projects Fund (\$1,673,762), Golf Course Fund (\$400,735) and nonmajor governmental funds (\$980,412) are for purchase of equipment, capital asset replacements and various construction and renovation projects in the District. The transfers will not be repaid.
- \$757,965 transferred to the Capital Projects Fund from the nonmajor governmental funds (Capital Projects Bonds Proceeds) is to move equity related to certain subfunds of the District that are tracked through the Capital Projects Fund as of April 1, 2008. The transfers will not be repaid.

10. CONTINGENT LIABILITIES

a. Litigation

The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the District's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the District.

b. Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

11. COSLEY FOUNDATION

- a. Summary of Significant Accounting Policies
 - 1) Foundation Purpose

The Cosley Foundation, Inc. (the Foundation), incorporated under the Not-For-Profit Corporation Act of the State of Illinois, is engaged in fund raising activities solely to benefit the Cosley Zoo (the Zoo). The Zoo is a historical zoo, farm, museum, nature center and outdoor educational facility, owned and operated by the District. The activities of the Zoo include the maintaining of a historic railroad station, barn, aviaries, other buildings and grounds, feeding and veterinary care of animals and sponsoring of educational programs. The aim of the Foundation is to provide the Zoo with a stable, ascertainable funding base.

2) Basis of Accounting

The Foundation utilizes the accrual method of accounting, which recognizes revenues when earned and expenses when incurred. These financial statements have been prepared to focus on the Foundation as a whole. Balances and transactions are presented according to the existence or absence of donor imposed restrictions. This is accomplished by classifying fund balances and transactions into three classes of net assets: permanently restricted, temporarily restricted and unrestricted.

11. COSLEY FOUNDATION (Continued)

- a. Summary of Significant Accounting Policies (Continued)
 - 3) Pervasiveness of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities, at the date of the financial statements, and reported amounts of revenues and expenses during the accounting period.

4) Cash and Cash Equivalents

Cash equivalents include money market accounts and certificates of deposit with original maturities of three months or less.

5) Unearned Revenue

The Foundation receives advance registration fees for fund raising events throughout the year. These fees are recorded as unearned revenue until they are earned, at which time they are recorded as revenue and support.

6) Contributions

All contributions are considered to be available for unrestricted use, unless specifically restricted by the donor. Amounts received that are designated for future periods, or restricted by the donor for specific purposes, are reported as temporarily restricted or permanently restricted support that increases those net asset classes. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Foundation reports the support as unrestricted.

Gifts of property and equipment are reported as unrestricted support, unless explicit donor stipulations specify how the donated asset must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used, and gifts of cash or other assets that must be used to acquire long-lived assets, are reported as restricted support. Absent explicit donor stipulations about how these long-lived assets must be maintained, the Foundation reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

11. COSLEY FOUNDATION (Continued)

b. Net Assets

1) Permanently Restricted Net Assets

The Foundation currently has no permanently restricted net assets.

2) Temporarily Restricted Net Assets

Temporarily restricted net assets available in 2008 were \$117,625 for Lincoln Marsh renovation and development and \$405,854 for the Wildlife Exhibit Phase III construction.

c. Income Taxes

The Foundation is incorporated as a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code, and is exempt from income taxes, except to the extent of any unrelated business income. There was no unrelated business income for the nine months ended December 31, 2008. Accordingly, no provision for income tax is included in the financial statements.

d. Contributed Services

The Foundation recognized contribution revenue and related expenses for certain services received at the fair value of those services. For the nine months ended December 31, 2008, those services included the following:

| Accounting services | \$ 3,801 |
|--|--------------|
| Use of golf course for two events | 22,430 |
| Equipment, supplies and other services | |
| for fund raising events | 14,384 |
| | |
| TOTAL | \$ 40,615 |

In addition, volunteers donated a significant number of hours, estimated at a value of approximately \$15,500 in 2008, in the Foundation's fund raising efforts, which is not reflected in the accompanying financial statements.

| 2008 | 717,600 | 717,600 | 100.00% |

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

December 31, 2008

BUDGETS AND BUDGETARY ACCOUNTING

- a. The District follows these procedures in establishing the budgetary data reflected in the financial statements.
 - 1. In March 2008, the Director submitted to the Board of Commissioners a proposed operating budget and appropriation for the fiscal year covering the period April 1, 2008 through December 31, 2008. The operating budget included proposed expenditures and the means of financing them.
 - 2. A public budget work session was conducted at a public meeting to obtain taxpayer comments.
 - 3. On April 9, 2008, the budget was legally adopted through passage of an ordinance by the Board of Commissioners.
 - 4. Once adopted, the Board of Commissioners can make transfers between objects within any fund up to 10% of the total budget of that fund. However, any revisions that alter the total disbursements of any fund must be approved by the Board of Commissioners after a public hearing.
 - 5. Formal budgetary integration is employed as a management control device during the year for all funds. The legal level of budgetary control is the fund level.
 - 6. Budgets are adopted on a basis consistent with generally accepted accounting principles with the exception of depreciation (which is not budgeted), debt service and capital outlay (which are budgeted on a cash basis). The financial statements present the operating budget of the District.
 - 7. All budget authority lapses at the end of the year. No supplemental appropriations were adopted during the current fiscal period.
- b. Excesses of Expenditures/Expenses over Operating Budget

The following individual fund expenditures/expenses exceeded the operating budget in the following amounts, exclusive of depreciation:

| | Expenditures/ | | | | |
|--------------------|---------------|---------|----|---------|--|
| | Êxpenses | | | Budget | |
| | | | | | |
| Special Recreation | \$ | 986,957 | \$ | 868,063 | |

COMBINING AND INDIVIDUAL FUND FINANCIAL STATEMENTS AND SCHEDULES

MAJOR GOVERNMENTAL FUNDS

The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

The Recreation Fund is used to account for revenue and expenditures related to recreation programs funded by a tax levy and user fees.

The Cosley Zoo Fund is used to account for the activities of the Cosley Zoo.

The Debt Service Fund is used to account for the accumulation of resources for and the payment of principal and interest on governmental activities' long-term debt.

The Capital Projects Fund is used to account for the cost of park land acquisition and development including transfers to the Debt Service Fund for principal and interest payments for land purchased by bond issues. Financing is provided by the sale of various general obligation bonds issues and internal and grant funding.

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Liability Insurance Fund is used to account for the operation of the District's insurance and risk management activities. Financing is provided from a specific annual property tax levy.

Audit Fund is used to account for the expenditures in connection with the District's annual financial and compliance audit which is mandated by state statute and related activities. Financing is provided from an annual property tax levy, the proceeds of which can only be used for this purpose.

Special Recreation Fund is used to account for expenditures in connection with the District's participation in the Western DuPage Special Recreation Association which provides recreation programs to the physically and mentally challenged and in providing recreational opportunities for the physically and mentally challenged. Financing is provided from an annual property tax levy.

Paving and Lighting Fund is used to account for the operation of certain paving and lighting maintenance programs. Financing is provided from an annual property tax levy.

CAPITAL PROJECTS FUNDS

Equipment Replacement Fund is used to account for the accumulation of funds available for replacement of existing district vehicles and equipment. Funds are provided by transfer from other funds when they become available.

Capital Asset Replacement Fund is used to account for the accumulation of funds available for the replacement of existing district capital assets. Funds are provided by transfer from other funds when they become available.

The Capital Projects Bond Proceeds Fund is used to account for bond proceeds of the District and the related capital expenditures.

MAJOR ENTERPRISE FUND

The Golf Course Fund accounts for the operation of the Arrowhead Golf Course and Clubhouse. Operations include greens fees, driving range, banquets, rentals and food and beverage sales. The cost of operations is recovered through user charges.

STATISTICAL SECTION

This part of the Wheaton Park District's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the District's overall financial health.

| Contents | Page (s) |
|---|----------|
| Financial Trends These schedules contain trend information to help the reader understand how the District's financial performance and well-being have changed over time. | 89-95 |
| Revenue Capacity These schedules contain information to help the reader assess the District's most significant local revenue source, the property tax. | 96-99 |
| Debt Capacity These schedules present information to help the reader assess the affordability of the District's current levels of outstanding debt and the District's ability to issue additional debt in the future. | 100-102 |
| Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the District's financial activities take place. | 103-104 |
| Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the District's financial report relates to the services the District provides and the activities it performs. | 105-107 |

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The District implemented GASB Statement 34 in 2004; schedules presenting government-wide information include information beginning in that year.

Notes

Every effort has been made to seek out and report the largest taxpayers. However, many of the taxpayers contain multiple parcels, and it is possible that some parcels and their valuations have been overlooked.

Data Source

City of Wheaton CAFR. The percentage of total district taxable assessed valuation is based upon the District's assessed valuation, not the City's.

PROPERTY TAX LEVIES AND COLLECTIONS

Last Ten Levy Years

<u>Notes</u>

Assessed value is set by the township assessor on an annual basis. The assessment level is then adjusted by the state with a county multiplier based on the factor needed to bring the average prior three years' level up to 33 1/3% of market value. Every four years there is a quadrennial assessment when all property is reassessed.

(1) Does not include adjustments for errors and abatements of tax extensions.

Data Source

Office of the County Clerk
