§ 1.2 The Owner's anticipated dates for commencement of construction and Substantial Completion of the Work are set forth below:

.1 Commencement of construction date: Fall 2015

.2 Substantial Completion date: Spring 2016

§ 1.3 The Owner and Architect may reasonably rely on the Initial Information.

ARTICLE 2 ARCHITECT'S RESPONSIBILITIES

§ 2.1 The Architect shall provide the professional services as set forth in this Agreement. The Architect's services consist of those services performed by the Architect, Architect's employees and Architect's consultants and advisors (Architect's consultants and advisors being hereinafter collectively referred to as Architect's "consultants") as described in this Agreement. The services to be provided or furnished by the Architect, its employees and consultants under this Agreement are sometimes hereinafter collectively referred to as the "Architect's services" or "Services".

§ 2.2 Architect understands and acknowledges that it has been engaged by the Owner to provide Architect's Services based, in part, on the Architect's represented character, expertise, experience and qualifications in providing architectural services comparable to those to be provided under this Agreement and on projects comparable in kind and scope to this Project. The Architect's services shall be performed properly and expeditiously to permit the orderly and timely progress and proper performance both of the Architect's services and the Work, consistent with such professional skill, care and diligence and good architectural practices as are exercised by a competent architect with experience in the design and administration of projects of comparable kind and scope to this Project and practicing architecture in the Chicago metropolitan areas (such skill, care, diligence and practices being hereinafter referred to as the "Professional Standard").

§ 2.3 The Architect shall identify a representative authorized to act on behalf of the Architect with respect to the Project. All persons connected with the Architect as an officer, employee or agent or consultant to the Architect, who are directly in charge of the professional architectural or engineering work performed as part of Architect's services, are, and for so long as any Services shall be provided under this Agreement, shall be duly registered and licensed under and in accordance with Illinois laws regarding the practice of architecture and engineering, as applicable to this Project, and they and any other consultants selected by the Architect and providing Services with respect to the Project shall be otherwise qualified and possess the skill and competence required to perform the Services properly. The Architect accepts responsibility for the acts and omissions of its employees, agents and consultants, and their respective employees and agents.

§ 2.4 Except with the Owner's knowledge and consent, the Architect shall not engage in any activity, or accept any employment, interest or contribution that compromises or would reasonably appear to compromise the Architect's professional judgment and commitment with respect to this Project.

§ 2.5 The Architect's duties as set forth herein shall at no time be in any way diminished by reason of any approval by the Owner of the Construction Documents authored by the Architect or its consultants or subcontractors, nor shall anything contained in this Agreement be construed as a limitation on, or a waiver of, any remedies which the Owner may have at law or in equity for damages sustained or expense incurred because of, or arising out of, Architect's errors, omissions, or failure to perform its duties or covenants in accordance with this Agreement. The grant of various rights to the Owner under this Agreement, and/or the failure of the Owner to exercise those rights do not and shall not create any responsibility or liability in the Owner for any error or omission of the Architect in the provision of its Services. Notwithstanding this provision, the Owner shall be responsible for all design decisions directed by the Owner over the specific written contrary recommendation of the Architect.

§ 2.6 All agreements between the Architect and its consultants shall be in writing and shall contain such provisions as shall ensure the performance of the Architect's Services in accordance with this Agreement. The Architect shall timely pay all sums due to its consultants in accordance therewith and shall not cause or permit any liens to be placed by any such consultants against the property or funds of the Owner. Architect will provide Owner releases and waivers of lien from Architect and Architect's consultants and subconsultants in the performance of its Services.

Init.

§ 2.7 The Architect has informed the Owner that minor imperfections in the instruments of service prepared by Architect which do not adversely affect the structural integrity of the Work or the mechanical systems incorporated in the Work is typical and expected from architects performing these types of services. The Architect shall provide such Services required for or associated with the correction of any such imperfections, including the administration of the corrective work at no cost to the Owner, as well as pay for the construction costs associated with the corrective work that is not a "betterment" to the Project for which the Owner would be responsible under applicable Illinois law. Notwithstanding the foregoing, the Parties acknowledge that minor imperfections in the instruments of service of the Architect as well as in Bid and Contract Documents prepared by persons other than the Architect may occur and the Parties agree to attempt to resolve any disputes resulting therefrom in a fair and equitable manner under the circumstances presented.

§ 2.8 The Architect shall furnish a competent and adequate staff, and contract with competent consultants as necessary for the proper administration, coordination, supervision and performance of the Architect's services. The Architect's representative shall not be changed without the consent of the Owner, unless such person leaves the employ of the Architect, in which event the substitute must first be approved in writing by the Owner which approval shall not be unreasonably withheld or delayed. The Architect agrees that the Architect will change its assistants assigned to provide the Services at the reasonable request of the Owner, if, in the Owner's reasonable opinion, based on actual instances of deficient performance, such person's performance does not equal or exceed the Professional Standard, or the acts or omissions of such person are detrimental to the timely and/or proper performance of the Architect's services or the Work; provided however that the Owner's exercise of such right or failure to exercise such right shall not affect Architect's responsibility or liability for the proper performance of the Services. The Architect accepts responsibility for the acts and omissions of its employees and consultants. The Architect shall coordinate all aspects of the Architect's services.

§ 2.9 Insurance. The Architect shall maintain the following insurance for the duration of this Agreement *(Identify types and limits of insurance coverage, and other insurance requirements applicable to the Agreement, if any.)*

- .1 General Liability. Architect shall maintain commercial general liability (CGL) and, if necessary, commercial umbrella insurance with a limit of not less than **\$1,000,000** for each occurrence. If such CGL insurance contains a general aggregate limit, it shall apply separately to this project/location. CGL insurance shall be written on Insurance Services Office (ISO) occurrence form CG 00 01 10 93, or a substitute form providing equivalent coverage, and shall cover liability arising from premises, operations, independent contractors, products-completed operations, personal injury and advertising injury, and liability assumed under an insured contract (including the tort liability of another assumed in a business contract). Owner shall be included as an insured under the CGL, using ISO additional insured endorsement CG 20 10 or a substitute providing equivalent coverage, and under the commercial umbrella, if any. This insurance shall apply as primary insurance with respect to any other insurance or self-insurance afforded to Owner. There shall be no endorsement or modification of the CGL limiting the scope of coverage for liability arising from pollution, explosion, collapse, or underground property damage.
- .2 Automobile Liability. Architect shall maintain business auto liability and, if necessary, commercial umbrella liability insurance with a limit of not less than **\$1,000,000** for each accident. Such insurance shall cover liability arising out of any auto including owned, hired and non-owned autos. Business auto insurance shall be written on Insurance Services Office (ISO) form CA 00 01, CA 00 05, CA 00 12, CA 00 20, or a substitute form providing equivalent liability coverage. General Insurance Provisions

.1 Evidence of Insurance. Prior to beginning work, Architect shall furnish Owner with a certificate(s) of insurance and applicable policy endorsement(s), executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements set forth above. All certificates shall provide for 30 days' written notice to Owner prior to the cancellation or material change of any insurance referred to therein. Written notice to Owner shall be by certified mail, return receipt requested. Failure of Owner to demand such certificate, endorsement or other evidence of full compliance with these insurance requirements or failure of Owner to identify a deficiency from evidence that is provided shall not be construed as a waiver of Architect's obligation to maintain such insurance. Owner shall have the right, but not the obligation, of prohibiting Architect from entering the project site until such certificates or other evidence that insurance has been placed in complete compliance with these requirements is received and approved by Owner. Failure to maintain the required insurance may result in termination of this Contract at Owner's option. Architect shall provide certified copies of all insurance policies required above within 10 days of Owners' written request for said copies.

.2 Acceptability of Insurers. For insurance companies which obtain a rating from A.M. Best, that rating should be no less than A VII using the most recent edition of the A.M. Best's Key Rating Guide. If the Best's rating is less than A VII or a Best's rating is not obtained, the Owner has the right to reject insurance written by an insurer it deems unacceptable.

.3 Cross-Liability Coverage If Architect's liability policies do not contain the standard ISO separation of insureds provision, or a substantially similar clause, they shall be endorsed to provide cross-liability coverage.

.4 Deductibles and Self-Insured Retentions. Any deductibles or self-insured retentions must be declared to the Owner. At the option of the Owner, the Architect may be asked to eliminate such deductibles or self-insured retentions as respects the Owner, its officers, officials, employees, volunteers and agents or required to procure a bond guaranteeing payment of losses and other related costs including but not limited to investigations, claim administration and defense expenses.

.5 Subcontractors. Architect shall cause each subcontractor employed by Architect to purchase and maintain insurance of the type specified above. When requested by the Owner, Architect shall furnish copies of certificates of insurance evidencing coverage for each subcontractor.

§2.10 Indemnification. To the fullest extent permitted by law, the Architect shall indemnify and hold harmless the Owner and its officers, officials, employees, volunteers and agents from and against all claims, damages, losses and expenses, including but not limited to legal fees (attorney's and paralegals' fees and court costs), arising out of or resulting from the performance of the Architect's services, provided that any such claim, damage, loss or expense (i) is attributable to bodily injury, sickness, disease or death, or injury to or destruction of tangible property, other than the work itself, including the loss of use resulting therefrom and (ii) is caused in whole or in part by any wrongful or negligent act or omission of the Architect, Architect's consultants and subconsultants, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, except to the extent it is caused in whole or in part by a party indemnified hereunder. Such obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist as to any party or person described in

this Paragraph. Architect shall similarly protect, indemnify and hold and save harmless the Owner, its officers, officials, employees, volunteers and agents against and from any and all claims, costs, causes, actions and expenses including but not limited to legal fees, incurred by reason of Architect's breach of any of its obligations under, or Architect's default of, any provision of the Contract.

§ 4.3.1 Upon recognizing the need to perform the following Additional Services, the Architect shall notify the Owner with reasonable promptness and explain the facts and circumstances giving rise to the need. The Architect shall not proceed to provide the following services until the Architect receives the Owner's written authorization:

- .3 Preparing Change Orders and Construction Change Directives that require evaluation of Contractor's proposals and supporting data, or the preparation or revision of Instruments of Service;

ARTICLE 5 OWNER'S RESPONSIBILITIES

§ 5.1 Unless otherwise provided for under this Agreement, the Owner shall provide information in a timely manner regarding requirements for and limitations on the Project, including a written program which shall set forth the Owner's objectives, schedule, constraints and criteria, including space requirements and relationships, flexibility, expandability, special equipment, systems and site requirements. Within a reasonable time not less than 15 days after receipt of a written request from the Architect, the Owner shall furnish the requested information as necessary and relevant for the Architect to evaluate.

§ 5.2 The Owner shall establish and periodically update the Owner's budget for the Project, including (1) the budget for the Cost of the Work as defined in Section 6.1; (2) the Owner's other costs; and, (3) reasonable contingencies related to all of these costs. If the Owner significantly increases or decreases the Owner's budget for the Cost of the Work, the Owner shall notify the Architect. The Owner and the Architect shall thereafter agree to a corresponding change in the Project's scope and quality.

§ 5.3 The Owner shall identify a representative authorized to act on the Owner's behalf with respect to the Project.

§ 5.4 The Owner shall furnish surveys to describe physical characteristics, legal limitations and utility locations for the site of the Project, and a written legal description of the site. The surveys and legal information shall include, as applicable, grades and lines of streets, alleys, pavements and adjoining property and structures; designated wetlands; adjacent drainage; rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, boundaries and contours of the site; locations, dimensions and necessary data with respect to existing buildings, other improvements and trees; and information concerning available utility services and lines, both public and private, above and below grade, including inverts and depths. All the information on the survey shall be referenced to a Project benchmark.

(Paragraph deleted)

§ 5.5 Unless otherwise specified, the Owner shall furnish services of geotechnical engineers, which may include but are not limited to test borings, test pits, determinations of soil bearing values, percolation tests, evaluations of hazardous materials, seismic evaluation, ground corrosion tests and resistivity tests, including necessary operations for anticipating subsoil conditions, with written reports and appropriate recommendations.

§ 5.6 The Owner shall coordinate the services of its own consultants with those services provided by the Architect. Upon the Architect's request, the Owner shall furnish copies of the scope of services in the contracts between the Owner and the Owner's consultants. The Owner shall furnish the services of consultants other than those designated in this Agreement, or authorize the Architect to furnish them as an Additional Service, when the Architect requests such services and demonstrates that they are reasonably required by the scope of the Project. The Owner shall require that its consultants maintain professional liability insurance as appropriate to the services provided.

§ 5.7 The Owner shall furnish tests, inspections and reports required by law or the Contract Documents, such as structural, mechanical, and chemical tests, tests for air and water pollution, and tests for hazardous materials.

§ 5.8 The Owner shall furnish all legal, insurance and accounting services, including auditing services, that may be reasonably necessary at any time for the Project to meet the Owner's needs and interests.

§ 5.9 Except as otherwise provided in this Agreement, or when direct communications have been specially authorized, the Owner shall endeavor to communicate with the Contractor and the Architect's consultants through the Architect about matters arising out of or relating to the Contract Documents. The Owner shall notify the Architect of any direct communications that may affect the Architect's services.

§ 5.10 The Owner shall provide the Architect a copy of the executed agreement between the Owner and Contractor, including the General Conditions of the Contract for Construction.

§ 5.11 The Owner shall provide the Architect access to the Project site prior to commencement of the Work and shall request the Contractor to provide the Architect access to the Work wherever it is in preparation or progress.

(Paragraph deleted)

ARTICLE 6 COST OF THE WORK

§ 6.1 For purposes of this Agreement, the Cost of the Work shall be the total cost to the Owner to construct all elements of the Project designed or specified by the Architect and shall include contractors' general conditions costs. The Cost of the Work does not include the compensation of the Architect, the costs of the land, rights-of-way, financing, contingencies for changes in the Work or other costs that are the responsibility of the Owner.

§ 6.2 The Owner's budget for the Cost of the Work is provided in Initial Information, and may be adjusted throughout the Project as required under Sections 6.4 and 6.5. Evaluations of the Owner's budget for the Cost of the Work, the preliminary estimate of the Cost of the Work and updated estimates of the Cost of the Work prepared by the Architect, represent the Architect's judgment as a design professional. It is recognized, however, that neither the Architect nor the Owner has control over the cost of labor, materials or equipment; the Contractor's methods of determining bid prices; or competitive bidding, market or negotiating conditions. Accordingly, the Architect cannot and does not warrant or represent that bids or negotiated prices will not vary from the Owner's budget for the Cost of the Work or from any estimate of the Cost of the Work or evaluation prepared or agreed to by the Architect.

§ 6.3 In preparing estimates of the Cost of Work, the Architect, upon Owner's approval, shall be permitted to: i) include contingencies for design, bidding and price escalation; ii) determine what materials, equipment, component systems and types of construction are to be included in the Contract Documents; make reasonable adjustments in the program and scope of the Project; iii) include in the Contract Documents alternate bids as may be necessary to adjust the estimated Cost of the Work to meet the Owner's budget for the Cost of the Work; and iv) base the Cost of Work on current area, volume or similar conceptual estimating techniques.

§ 6.4 If the Bidding or Negotiation Phase has not commenced within 90 days after the Architect submits the Construction Documents to the Owner, through no fault of the Architect, the Owner's budget for the Cost of the Work shall be adjusted to reflect changes in the general level of prices in the applicable construction market.

§ 6.5 If at any time the Architect's estimate of the Cost of the Work exceeds the Owner's budget for the Cost of the Work, the Architect shall make appropriate recommendations to the Owner to adjust the Project's size, quality or budget for the Cost of the Work.

§ 6.6 If the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services is exceeded by the lowest bona fide bid or negotiated proposal, the Owner shall

- .1 give written approval of an increase in the budget for the Cost of the Work;
- .2 authorize rebidding or renegotiating of the Project within a reasonable time;
- .3 terminate in accordance with Section 9.5;
- .4 in consultation with the Architect, revise the Project program, scope, or quality as required to reduce the Cost of the Work; or
- .5 implement any other mutually acceptable alternative.

§ 6.7 If the Owner chooses to proceed under Section 6.6.4, the Architect, without additional compensation, shall modify the Construction Documents as necessary to comply with the Owner's budget for the Cost of the Work at the conclusion of the Construction Documents Phase Services, or the budget as adjusted under Section 6.6.1.

ARTICLE 7 COPYRIGHTS AND LICENSES

§7.1 All title, ownership and copyright privileges to all drawings, plans, specifications and other documents prepared by the Architect in connection with the Project (with the exception of standard design elements, architectural details, and industry or trade specifications which are not unique to the Owner or to the Owner's business), are and shall be solely in the Owner. Subject to payment by Owner in accordance with this Agreement (unless the Owner is entitled to withhold payment in accordance with this Agreement), the Architect shall, when requested by the Owner, turn over to Owner, and execute immediately any documents which evidence and acknowledge the ownership of, all such drawings, plans, specifications and other documents in the Owner. All drawings, specifications, models and other materials prepared or furnished by the Architect shall be solely the property of the Owner upon the suspension or termination of the Project or the termination of this Agreement, provided Owner has made payment to the Architect for such materials if and as required by and in accordance with the provisions of this Agreement. Reproducible copies of all drawings and specifications and all other such materials shall, to the extent not previously delivered, be delivered promptly to the Owner upon demand and payment in full by Owner of all amounts due Architect in accordance with this Agreement on outstanding invoices received from the Architect and thereafter may be used by the Owner in whole or in part or in modified form for such purposes as the Owner may deem advisable, without further employment of, or payment of additional compensation to, the Architect or anyone retained by the Architect. Notwithstanding the foregoing, the Architect retains the right to use standard design elements and architectural details which are neither unique to the Owner or the Project, or related to the business of the Owner. Should the Owner (a) use the Drawings, Specifications or other materials (hereinafter "Instruments of Service") on other projects or provide the Instruments of Service to third parties or their use on other projects or (2) upon termination of the Architect's services before completion of the Construction Documents phase, use the Instruments of Service for completion of this Project by others, the Owner shall release Architect from liability or claims arising from such use and shall defend, indemnify and hold harmless Architect from and against any and all claims, suits, demands, losses and expenses, including reasonable attorneys fees and legal expenses and all interest thereon, accruing from or arising from any of the foregoing uses. Should Owner terminate the Architect after completion of the Construction Documents and make or cause to be made by other changes or modifications to the Construction Documents for this Project, Owner releases Architect from liability or claims arising from such modifications or changes and shall defend, indemnify and hold harmless Architect from and against all claims, suits, demands, losses and expenses, including reasonable attorneys fees and legal expenses and all interest thereon, accruing from or arising from such changes or modifications to the Instruments of Service from this Project.

ARTICLE 8 CLAIMS AND DISPUTES

§ 8.1 GENERAL

§ 8.1.1 The Owner and Architect shall commence all claims and causes of action, whether in contract, tort, or otherwise, against the other arising out of or related to this Agreement in accordance with the requirements of the method of binding dispute resolution selected in this Agreement within the period specified by applicable law. The Owner and Architect waive all claims and causes of action not commenced in accordance with this Section 8.1.1.

(Paragraphs deleted)

§8.1.2 This Agreement shall be governed by the law of the State of Illinois.

§8.1.3 Any suit or action arising under this Agreement shall be commenced in the Circuit Court of DuPage County, Illinois, but only after exhausting all possible contractual or administrative remedies.

§8.1.4 Architect is required to notify Owner of any claim filed against Architect or Architect's insurance company arising from services performed under this Agreement within thirty (30) days of such filing, and failure to do so shall constitute a material breach of this Agreement.

§8.1.5 Architect acknowledges that the Owner is a local government unit and agrees that any claim made by the Architect arising out of any act or omission of any director, officer or employee of Owner, in execution or performance of this Agreement, shall be made against the Owner and not against such director, officer or employee.

§8.1.6 No action shall be maintained by Architect, its successors or assigns, against Owner on any claim based upon or arising out of this Contract or out of anything done in connection with this Contract unless such action shall be commenced within one year of the later of: i) the termination of this Contract; or ii) final payment to Contractor.

§ 8.2.4 If the parties do not resolve a dispute through mediation pursuant to this Section 8.2, the method of binding dispute resolution shall be the following:

ARTICLE 9 TERMINATION OR SUSPENSION

(Paragraph deleted)

§ 9.1 Unless Owner is entitled to withhold payment in accordance with this Agreement, if the Owner fails to make payments to the Architect in accordance with this Agreement, such failure shall be considered substantial nonperformance and cause for termination or, at the Architect's option, cause for suspension of performance of services under this Agreement. If the Architect elects to suspend services, the Architect shall give seven days' written notice to the Owner before suspending services. Unless payment in full is received by the Architect within seven days of the date of notice, the suspension shall take effect without further notice. Before resuming services, the Architect shall be paid all undisputed sums due prior to suspension.

§ 9.2 The Owner may suspend Architect's services or the Project at Owner's convenience and without cause at any time upon written notice to Architect. If the Owner suspends the Project for more than thirty consecutive days, the Architect shall be compensated for services performed prior to notice of such suspension. When the Project is resumed, the Architect's fees for the remaining services and the time schedules for the performance of Architect's services shall be equitably adjusted, if and as appropriate given the stage of the Project at the time of suspension and resumption, and reason for the suspension. No adjustment shall be made if the suspension is attributable to the Architect's failure to perform the services in accordance with this Agreement, for breach by the Architect of any provision of this Agreement or for any other reason which is the fault of the Architect.

§ 9.3 If the Owner suspends the Project for more than 90 consecutive days for reasons other than the fault of the Architect, the Architect may terminate this Agreement by giving not less than fourteen days' written notice.

§ 9.4 Either party may terminate this Agreement upon not less than seven days' written notice should the other party fail substantially to perform in accordance with the terms of this Agreement through no fault of the party initiating the termination.

§ 9.5 The Owner may terminate this Agreement upon not less than seven days' written notice to the Architect for the Owner's convenience and without cause.

§ 9.6 In the event of termination not the fault of the Architect, the Architect shall be compensated for services performed prior to termination, together with Reimbursable Expenses then due and excluding overhead and profit.

(Paragraphs deleted)

§ 9.7 If the Architect is adjudged as bankrupt, or makes a general assignment for the benefit of its creditors, or if a receiver is appointed on account of the Architect's insolvency, or if any provision of the bankruptcy law is invoked by or against the Architect, or if the Architect persistently or repeatedly refuses or fails (except in cases for which

In such case, the Architect shall not be entitled to receive any further payment until the Services are finished and the Owner may be entitled to recover and deduct from any remaining amounts due Architect all damages allowed by law.

§ 9.8 Promptly upon the termination of this Agreement or the Architect's Services and payment in full of all outstanding invoices received from the Architect and not in dispute, the Architect shall deliver to the Owner copies of all documents prepared by Architect in the performance of its Services under this Agreement, including without limitation all drawings and specifications, and all models prepared by the Architect for the Project prior to the effective date of termination, so as to avoid any delay or increased cost of the Project.

ARTICLE 10 MISCELLANEOUS PROVISIONS

(Paragraph deleted)

§ 10.2 Terms in this Agreement shall have the same meaning as those in AIA Document A201-2007, General Conditions of the Contract for Construction.

§ 10.3 The Owner and Architect, respectively, bind themselves, their agents, successors, assigns and legal representatives to this Agreement. Neither the Owner nor the Architect shall assign this Agreement without the written consent of the other, except that the Owner may assign this Agreement to a lender providing financing for the Project if the lender agrees to assume the Owner's rights and obligations under this Agreement.

§ 10.4 If the Owner requests the Architect to execute certificates, the proposed language of such certificates shall be submitted to the Architect for review at least 14 days prior to the requested dates of execution. If the Owner requests the Architect to execute consents reasonably required to facilitate assignment to a lender, the Architect shall execute all such consents that are consistent with this Agreement, provided the proposed consent is submitted to the Architect for review at least 14 days prior to execution. The Architect shall not be required to execute certificates or consents that would require knowledge, services or responsibilities beyond the scope of this Agreement.

§ 10.5 Nothing contained in this Agreement shall create a contractual relationship with or a cause of action in favor of a third party against either the Owner or Architect.

§ 10.6 Unless otherwise required in this Agreement, the Architect shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to, hazardous materials or toxic substances in any form at the Project site. Architect shall report to Owner any hazardous materials discovered by Architect or reasonably should have discovered by Architect at the Project site.

§ 10.7 The Architect shall have the right to include photographic or artistic representations of the design of the Project among the Architect's promotional and professional materials. The Architect shall be given reasonable access to the completed Project to make such representations. However, the Architect's materials shall not include the Owner's confidential or proprietary information if the Owner has previously advised the Architect in writing of the specific information considered by the Owner to be confidential or proprietary.

§ 10.8 Subject to Article 7, if the Architect or Owner receives information considered by the other party as "confidential" or "business proprietary," the receiving party shall keep such information strictly confidential and shall not disclose it to any other person except to (1) its employees, (2) those who need to know the content of such information in order to perform services or construction solely and exclusively for the Project, (3) its consultants and contractors whose contracts include similar restrictions on the use of confidential information. Furthermore, Architect or Owner shall not withhold such information if, in doing so, would violate the law or create a risk of significant harm to the public. The Architect shall require of the Architect's consultants similar agreements to maintain the confidentiality of information considered as "confidential" or "business proprietary" by Owner.

§ 10.9 **Independent Contractor.** Architect agrees that all services and work performed under this Agreement are being performed by Architect as an independent contractor and not as an employee or agent of Owner. This Agreement is not intended to constitute, create, give rise to or otherwise recognize a joint venture agreement or relationship,

partnership or formal business organization of any kind or create an employer/employee relationship between Owner and Architect, Architect's employees, subcontractors, subcontractors' employees or any person supplied by Architect in the performance of Architect's obligations under this Agreement and does not entitle said persons to rights or benefits from Owner normally associated with an employment relationship, such as, but not limited to, civil service, retirement, personnel rules which accrue to such persons, health insurance, motor vehicle insurance, life insurance, workers' compensation, sick leave or any other fringe benefits. Architect and subcontractors shall have total responsibility for all salaries, wages, bonuses, retirement, withholdings, worker's compensation, occupational disease compensation, unemployment compensation, other employee benefits and all taxes and premiums appurtenant thereto concerning such persons and shall indemnify, hold harmless and defend Owner with respect thereto, including payment of reasonable attorney's fees and costs in the defense of any claim made under the Fair Labor Standards Act or any other federal or state laws. Such indemnity shall be required by Architect from its subcontractors, if any, on behalf of Owner.

§ 10.10 Retention of Records Architect and any subcontractor shall keep and maintain accurate books of record and account, in accordance with sound accounting principles, of all expenditures made and all costs, liabilities and obligations incurred under this Agreement, and all papers, files, accounts, reports, cost proposals with backup data and all other material relating to work under this Agreement and shall make all such materials available at the office of the Owner at any reasonable time during the term of this Agreement and for the length of time established by law or five (5) years, whichever is longer from the date of final payment to Architect or termination of this Agreement for audit, inspection and copying upon Owner's request.

§ 10.11 Subcontracts The Architect shall insert into all subcontracts the paragraphs herein entitled "INSURANCE," "RETENTION OF RECORDS," and "INDEMNIFICATION."

§ 10.12 Compliance with Laws

Architect shall comply with applicable federal and state laws and local ordinances and regulations in providing services within the scope of this Agreement, including but not limited to the following:

- .1 Architect shall comply with, and cause all persons providing any of the Services on its behalf to comply with, all applicable federal and state laws and governmental rules and regulations now or hereafter in effect pertaining to equal employment opportunity and discrimination in provision of the services, including the provisions of the Equal Employment Opportunity Clause. Architect specifically represents and certifies to Owner that Architect complies with all applicable provisions of the Illinois Human Rights Act and that it maintains, and shall maintain at all times during the period it is required to perform the Services, a written sexual harassment policy in full compliance with Section 2-105(A)(4) thereof.
- .2 To the best of Architect's knowledge, no officer or employee of Architect has been convicted of bribery or attempting to bribe an officer or employee of the State of Illinois, or any unit of local government, nor has any officer or employee made an admission of guilt of such conduct which is a matter of record. Architect's Proposal to the Owner seeking a contract for the performance of the architectural services for this Project was made without any connection or common interest in the profits anticipated to be derived from the Agreement by the Architect with any other person submitting proposals to the Owner for this Project. The Agreement terms are in all respects fair and the Agreement is entered into by the Architect without collusion or fraud and no official, officer or employee of the Owner has any direct or indirect financial interest in the Architect's Proposal or in the Architect.
- .3 The Architect certifies that it is not barred from contracting with the Owner because of any delinquency in the payment of any tax administrated by the Illinois Department of Revenue, unless it is being contested. Architect further certifies that it understands that making a false statement regarding delinquency in taxes is a Class A. misdemeanor and, in addition, voids the Agreement between Architect and Owner, and allows the Owner, a municipal entity, to recover in a civil action all amounts paid to the Architect.
- .4 If Architect has 25 or more employees on the date of this Agreement, Architect knows, understands and acknowledges its obligations under the Illinois Drug Free Workplace Act (30 ILCS 580/I *et seq.*) and

certifies that it will provide a drug-free workplace by taking the actions required under, and otherwise implementing on a continuing basis, Section 3 of the Drug Free Workplace Act. Architect further certifies that it has not been debarred and is not ineligible for award of this Agreement as the result of a violation of the Illinois Drug Free Workplace Act.

- 5 Architect hereby certifies that no individual employed or otherwise retained by Architect or any of Architect's consultants or subconsultants to perform the Services has been convicted of a crime that would make the individual ineligible to be employed by Owner in accordance with 70 ILCS 1205/8-23.

§ 10.13 Headings The headings for each paragraph of this Agreement are for convenience and reference purposes only and in no way define, limit or describe the scope or intent of said paragraphs or of this Agreement nor in any way affect this Agreement.
