RE: 2020 Equipment Replacement

DATE: August 28, 2020

**SUMMARY:**

Annually we budget to replace a portion of our fleet equipment to ensure safety and function. This year we had ten items budgeted at a total of \$390,000. Considering the current conditions throughout the district, we are intending to defer most of these replacements a year or more. There are four items that are recommended for replacement at this time.

Item	Recommendation	Purchase Price
S570 T4 Bobcat Skid Steer Loader <i>(NJPA Contract Pricing - #040319-CEC)</i>	This is the loader used daily at the zoo. It was purchased in October 15, 2009. New emission standards are being implemented that will increase the price and decrease the performance.	\$36,000
Foley 460 Blade Grinder <i>(3 quotes obtained)</i>	This is used to sharpen our mower blades and is used on a regular basis. We have had frequent service calls on the current equipment that was purchased August 29, 2007.	\$18,195
Vermeer SC362 Stump Grinder <i>(Sourcewell Pricing Contract #062117-VRM)</i>	This is a heavily used piece of equipment by our conservation crew. The current one was purchased June 2006.	\$20,071
Sure-Trac Trailer <i>(3 quotes obtained and ordered in March-below board approval)</i>	This replaces a trailer that was purchased 1991. It was ordered prior to the March shut down and has been received.	\$6,649
Total		\$80,915

Per policy, we will continue to dispose of the existing equipment through auction utilizing local auction estimates for the base bid amount.
