## Congratulations on becoming a part of the clothing recycling movement!

The GreenCity Project is a local, privately owned company with the mission to promote sound resource conservation practices in the US and the world. We firmly believe it should be our responsibility to each other and the planet to coordinate our efforts toward lessening our carbon footprint and reversing the flow of materials into the land fill. A convenient solution to this problem is through recycling textile and shoes with the use of an attractive clothing drop-off box. Through this process your generous donations can find a second life while enabling us to contribute on a regular basis to local schools, churches, food pantries and shelters.

It is our privilege to place a collections container on your property and as such we promise to uphold our agreement based on us meeting these requirements:

- The container and graphics will maintained to your satisfaction.
- We are fully responsible for the cleanliness and professional appearance of the area surrounding the container.
- The container will be serviced a minimum of once a week.
- We are responsible for any damage/accident claims pertaining to our container.
- If and when you choose to no longer host our collection container we will promptly remove it within a week from the requested date.
- We agree to give a monthly contribution of 200.00 to Wheaton Park District

I have read and agree to the promise and commitment set forth by the GreenCity Project. The GreenCity Project has my permission as the owner of the property mentioned below to place a recycling container on an exclusive basis and no other clothing recycling container should be placed within the property.
