ARTICLE 1 THE CONTRACT DOCUMENTS

The Contract Documents consist of this Agreement, Conditions of the Contract (General, Supplementary and other Conditions), Drawings, Specifications, Addenda issued prior to execution of this Agreement, other documents listed in this Agreement and Modifications issued after execution of this Agreement, all of which form the Contract, and are as fully a part of the Contract as if attached to this Agreement or repeated herein. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations or agreements, either written or oral. An enumeration of the Contract Documents, other than a Modification, appears in Article 9.

ARTICLE 2 THE WORK OF THIS CONTRACT

The Contractor shall fully execute the Work indicated in the Contract Documents, except as specifically stated in the Contract Documents to be the responsibility of others.

ARTICLE 3 DATE OF COMMENCEMENT AND SUBSTANTIAL COMPLETION

§ 3.1 The date of commencement of the Work shall be the date of this Agreement unless a different date is stated below or provision is made for the date to be fixed in a notice to proceed issued by the Owner.

(Insert the date of commencement if it differs from the date of this Agreement or, if applicable, state that the date will be fixed in a notice to proceed.)

The date of commencement of the Work shall be fixed by a Notice to Proceed (hereinafter referred to as the "Commencement Date"). Prior to commencing the Work, the Contractor shall have obtained and provided to the Owner acceptable evidence of all licenses, permits, bonds and insurance indicated as being the Contractor's responsibility under the Contract Documents. Delay in the commencement of the Work attributable to the failure of the Contractor to have obtained and provided such evidence to the Owner shall not result in an extension of the date scheduled for Substantial Completion as provided in Section 3.3 below, or in any milestone date previously agreed to by the Parties in any Project Schedule.

If, prior to the commencement of the Work, the Owner requires time to file mortgages and other security interests, the Owner's time requirement shall be as follows:

Not applicable to this Contract.

§ 3.2 The Contract Time shall be measured from the Commencement Date.

Init.

§ 3.3 The Contractor shall achieve Substantial Completion of the entire Work not later than
(Paragraphs deleted)
May 29, 2015 and Final Completion of the Work not later than June 12, 2015

(Table deleted)

, subject to adjustments of this Contract Time authorized by Change Order as provided in the Contract Documents (hereinafter referred to as the "Substantial Completion Date"). The Owner and Contractor agree that the amount of time given to the Contractor under the Contract to achieve Substantial Completion is a reasonable amount of time considering the requirements of the Contract Documents.

(Insert provisions, if any, for liquidated damages relating to failure to achieve Substantial Completion on time or for bonus payments for early completion of the Work.)

Time is of the essence of the contract. Should the Contractor fail to complete the Work on or before the Substantial Completion date stipulated in the Contract or within such extended time as may have been allowed, the Contractor shall be liable and shall pay to the Owner the sum of \$100 per calendar day, not as a penalty but as liquidated damages, for each day of overrun in the Contract Time or such extended time as may have been allowed. The liquidated damages for failure to complete the Contract on time are approximate, due to the impracticality of calculating and proving actual delay costs. The costs of delay represented by the liquidated damage amount are understood to be a fair and reasonable estimate of the costs that will be borne by the Owner during extended and delayed performance by the Contractor for the Work. The liquidated damage amount specified will accrue and be assessed until Final Completion of the total physical Work of the Contract even though the Work may be substantially complete. The Owner will deduct these liquidated damages from any monies due or to become due to the Contractor from the Owner.

ARTICLE 4 CONTRACT SUM

§ 4.1 The Owner shall pay the Contractor the Contract Sum in current funds for the Contractor's performance of the Contract. The Contract Sum shall be One Hundred Forty-three Thousand Six Hundred Fifty and 00/100 Dollars (\$ 143,650.00), subject to additions and deductions as provided in the Contract Documents.

§ 4.2 The Contract Sum is based upon and includes the following alternates, if any, which are described in the Contract Documents and are hereby accepted by the Owner:

(State the numbers or other identification of accepted alternates. If the bidding or proposal documents permit the Owner to accept other alternates subsequent to the execution of this Agreement, attach a schedule of such other alternates showing the amount for each and the date when that amount expires.)

NA

§ 4.3 Unit prices are pursuant to Contractor's Proposal, as modified by this Agreement, attached to and incorporated into this Agreement by reference. :

(Identify and state the unit price; state quantity limitations, if any, to which the unit price will be applicable.)

Item	Units and Limitations	Price Per Unit (\$0.00)
NA		

§ 4.4 Allowances included in the Contract Sum, if any:

(Identify allowance and state exclusions, if any, from the allowance price.)

Item	Price
NA	

§ 4.5 Adjustments to the Contract Sum for changes in the Work (other than for changes in the Work involving items for which unit prices were provided as set forth in Section 4.3, above) shall be made in accordance with Article 7 of the General Conditions of the Contract, provided that in the case of an increase in the Contract Sum attributable to a change in the Work, "reasonable overhead and profit" for purposes of Section 7.3.7 thereof shall mean: 1. Five percent (5%) of the cost of the change in the Work involved if performed by the Contractor not involving Subcontractors, or 2. Five percent (5%) of the cost of the change in the Work involved performed by Subcontractors,

Init.

plus two percent of the cost of the change in the Work for the Contractor's supervision of the work performed by the Subcontractors.

When both additions and credits covering related Work are involved in a change, the allowance for overhead and profit shall be figured on the basis of net increase, if any, with respect to that change. No overhead and profit shall be paid to the Contractor for an increase in the cost of the surety bond or insurance premiums resulting from a change in the Work. In the event of an increase in the Contract Sum resulting from an additive change order, the actual amount of any increase in the cost of Contractor's surety bond shall be added to the amount of the change order. Similarly in the event of a decrease in the Contract Sum resulting from a deductive change order, the amount of any decrease in the cost of Contractor's surety bond shall be added to the amount shown in the deductive change order, by which the Contract Sum is to be reduced.

§ 4.6 Overtime, if and when specifically authorized in writing in advance by the Owner shall be paid by the Owner on the basis of premium payment if any, plus the cost of insurance and taxes based on the premium payment period. No overhead or profit may be charged for overtime. The Contractor shall not be entitled to any payment for overtime necessitated by the failure of the Contractor to perform the Work in accordance with the Contract Documents including without limitation to the Contractor's failure to prosecute the Work diligently and on an uninterrupted basis and with a sufficient workforce so as to achieve completion of the Work within the time and in the manner contemplated by the Contract Documents, or otherwise due to the fault of the Contractor. In such instances if the Owner requires the Contractor to perform Work on an overtime basis, all costs for and associated with such overtime shall be borne by the Contractor.

ARTICLE 5 PAYMENTS

§ 5.1 PROGRESS PAYMENTS

§ 5.1.1 Based upon Applications for Payment properly completed and accompanied by all supporting documentation and other submittals required by the Contract Documents submitted to the Architect by the Contractor and Certificates for Payment issued by the Architect, and agreed to by Owner and not subsequently nullified by the Architect in accordance with the Contract Documents, the Owner shall make progress payments on account of the Contract Sum to the Contractor as provided below and elsewhere in the Contract Documents.

§ 5.1.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month, or as follows:

§ 5.1.3 Provided that an Application for Payment, which is in proper form and accompanied by required supporting documents and submittals, is received by the Architect not later than the 10th day of a month, certified for payment by the Owner and not subsequently nullified by the Owner in accordance with the Contract Documents, the Owner shall make payment of the certified amount to the Contractor not later than the 15th day of the following month. If an Application for Payment is received by the Architect after the application date fixed above, payment shall be made by the Owner not later than forty-five (45) days after the Architect receives the Application for Payment in proper form and accompanied by required supporting documents and submittals and certifies payment to the Owner. Contractor is solely responsible for any delays in payment due in whole or in part to Contractor's failure to submit its payment application timely, in proper form and accompanied by all supporting documents and submittals required under the Contract.

§ 5.1.4 Each Application for Payment shall be based on the most recent schedule of values submitted by the Contractor in accordance with the Contract Documents. The schedule of values shall allocate the entire Contract Sum among the various portions of the Work. The schedule of values shall be prepared in such form and supported by such data to substantiate its accuracy as the Architect may require. This schedule, unless objected to by the Architect, shall be used as a basis for reviewing the Contractor's Applications for Payment.

§ 5.1.5 Applications for Payment shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment.

§ 5.1.6 Subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

- .1 Take that portion of the Contract Sum properly allocable to completed Work as determined by multiplying the percentage completion of each portion of the Work by the share of the Contract Sum allocated to that portion of the Work in the schedule of values, less retainage of ten percent (10 %). Pending final determination of cost to the Owner of changes in the Work, amounts not in dispute shall be included as provided in Section 7.3.9 of AIA Document A201™–2007, General Conditions of the Contract for Construction;
- .2 Add that portion of the Contract Sum properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction (or, if approved in advance by the Owner, suitably stored off the site at a location agreed upon in writing), less retainage of ten percent (10 %);
- .3 Subtract the aggregate of previous payments made by the Owner; and
- .4 Subtract amounts, if any, for which the Architect has withheld or nullified a Certificate for Payment as provided in Section 9.5 of AIA Document A201–2007.

§ 5.1.7 The progress payment amount determined in accordance with Section 5.1.6 may be further modified *(Paragraphs deleted)* and the retainage may be reduced if and as provided in Paragraph 9.3 of the General Conditions.

§ 5.1.8 Reduction or limitation of retainage, if any, shall be as follows:
(If it is intended, prior to Substantial Completion of the entire Work, to reduce or limit the retainage resulting from the percentages inserted in Sections 5.1.6.1 and 5.1.6.2 above, and this is not explained elsewhere in the Contract Documents, insert here provisions for such reduction or limitation.)

§ 5.1.9 Except with the Owner's prior approval, the Contractor shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site.

§ 5.2 FINAL PAYMENT

§ 5.2.1 Final payment, constituting the entire unpaid balance of the Contract Sum, shall be made by the Owner to the Contractor when

- .1 the Contractor has fully performed the Contract in accordance with the Contract Documents; provided that Owner shall have no obligation to make final payment if the Contractor is required to correct Work as provided in Section 12.2.2 of AIA Document A201–2007 or as otherwise specified by the Contract Documents, or to satisfy other requirements, if any, which extend beyond final payment; and
- .2 a final Certificate for Payment has been issued by the Architect and the Owner has approved payment.

§ 5.2.2 The Owner's final payment to the Contractor shall be made no later than 45 days after the conditions set forth in Section 5.2.1, above, have been met.

§ 5.3 WAIVER PROCEDURE/FORMAT

Contractor's progress payment applications shall be accompanied by the Contractor's and Subcontractor's Partial Waiver of Lien to date for the full amount of the payment. The Final Waiver of the Contractor shall be for the full amount of the Contract and the Final Waiver of a Subcontractor shall be for the full amount of its Subcontract. All applications for payment shall be accompanied by affidavits from the Contractor, in triplicate, containing such information and in such form to comply with the Illinois Mechanics Lien Act (770 ILCS 60/001 et seq.) and showing in detail the sources of all labor and materials used and contracted to be used on the Project, including names and addresses of subcontractors and materials suppliers; amounts paid and remaining to be paid to each; together with all other documents as shall be necessary, in the sole judgment of the Owner, to waive all claims of liens to date and comply with all applicable state and local laws.

- (i) All waivers (partial and final) shall include language as applicable indicating either that:
 - 1. All materials were taken from fully paid stock and delivered to job site in our own vehicles and all labor has been fully paid in accordance with prevailing wage laws; or
 - 2. Materials were provided by the following suppliers from whom waivers of lien are attached and all labor has been fully paid in accordance with prevailing wage laws.
