WHEREAS, the State of Illinois has enacted the Prevailing Wage Act, approved June 26, 1941, as amended, being 820 ILCS 130/0.01 through 130/12 (the "Act"); and

WHEREAS, the Act requires that during the month of June of each calendar year the Board of Park Commissioners of the Wheaton Park District (the "Park District") investigate and ascertain the prevailing rate of wages, as defined in said Act, in the "locality" of the Park District for laborers, mechanics and other workers performing construction of public works for the Park District;

NOW, THEREFORE, IT IS HEREBY ORDAINED by the Board of Park Commissioners of the Wheaton Park District, as follows:

Section 1: To the extent and as required by the Act, the general prevailing rate of wages in this locality for laborers, mechanics and other workers engaged in the construction of public works coming under the jurisdiction of the Park District is hereby ascertained to be the same as the prevailing rate of wages for construction work in DuPage County, as determined by the Department of Labor of the State of Illinois (the "Department") as of June 1, 2016, a copy of those determinations being attached hereto and incorporated herein by reference. As required by said Act, any and all revisions of the prevailing rate of wages by the Department shall supersede the Department's June determination and apply to any and all public works construction or demolition undertaken by the Park District. The definition of any terms appearing in this Ordinance which are also used in the Act shall be the same as in the Act.

Section 2: Nothing herein contained is intended to apply nor shall be construed to apply said prevailing rate of wages as herein ascertained to any work or employment performed on behalf of this Park District except public works construction or demolition to the extent required by the Act.

Section 3: The Park District Secretary shall publicly post or keep available for inspection by any interested party in the main office of the Park District this determination of prevailing rate of wages. A copy of this determination or of the current revised determination of prevailing rate of wages then in effect shall be attached to all contract specifications, and for works awarded to a contractor without a public bid, contract or project specification, shall be attached to the purchase order related to the work to be done or in a separate document.

Section 4: The Park District Secretary shall promptly file a certified copy of this Ordinance

with the Illinois Department of Labor in Springfield, Illinois.

PREVAILING WAGE ACT NOTICE CONTRACTOR/SUBCONTRACTOR REQUIREMENTS
(to be attached to Public Agency Purchase Order when requirements are not
already incorporated in the text of the purchase order, contract or specifications)

Any public works project (including demolition projects) must adhere to all elements of the Prevailing Wage Act (820 ILCS 130/1-12). Not less than the most recent prevailing wage rate (as determined by the Illinois Department of Labor, "IDOL") must be paid to all laborers, workers, and mechanics performing work on the project.

A. The most recent Prevailing Wage Rate Determination for the County in which the project is located may be accessed online at <https://www.illinois.gov/idol/Laws-Rules/CONMED/Pages/prevailing-wage-rates.aspx>. Contractors performing work on this project are responsible for determining the applicable prevailing wage rates at the time of the Contract as well as at all times during the performance of the Work. Failure of a bidder/contractor to make such determination shall not relieve it of its Contract obligations.

The Contractor acknowledges and agrees that the foregoing notice of periodic revisions to the prevailing wage rates satisfies any obligation of the Public Agency to notify the Contractor of any such revisions to the prevailing wage rates during the term of the Contract.

B. The Contractor must include the same prevailing wage requirements in its project specifications and contracts for any subcontractors, which, in turn, must write the same requirements into their project specifications and contracts for lower tiered subcontractors or suppliers.

C. The Contractor and each subcontractor must make and keep, for a period of not less than five years from the date of the last payment on a contract or subcontract for public works, records of all laborers, mechanics and other workers employed by them on the project. The records must include the worker's name, the worker's address, the worker's telephone number when available, the worker's social security number, the worker's classification or classifications, the worker's gross and net wages paid in each pay period, the worker's number of hours worked each day, the worker's starting and ending times of work each day, the worker's hourly wage rate, the worker's hourly overtime wage rate, the worker's hourly fringe benefit rates, the name and address of each fringe benefit fund, the plan sponsor of each fringe benefit, if applicable, and the plan administrator of each fringe benefit, if applicable. Upon seven business days notice, the Contractor and each subcontractor shall make available for inspection and copying at a location within this State during reasonable hours, the records identified in 820 ILCS 130/5(a)(1) to the Public Agency, and its officers and agents.

D. The Contractor and each subcontractor must, no later than the fifteenth day of each calendar month, file a certified payroll for the immediately preceding month with the Public Agency in charge of the project. A certified payroll must be filed for only those calendar months during which construction on a public works project has occurred. The certified payroll must consist of a complete copy of the records required by 820 ILCS 130/5(a)(1), except the starting and ending times of each work day. The certified payroll must also be accompanied by a statement signed by the Contractor or subcontractor or an officer, employee, or agent of the Contractor or subcontractor representing that: (i) he or she has examined the certified payroll records required to be submitted by the Wage Act and such records are true and accurate; (ii) the hourly rate paid to each worker is not less than the general prevailing rate of hourly wages required by the Wage Act; and (iii) the Contractor or the subcontractor is aware that filing a certified payroll that he or she knows to be false is a Class A misdemeanor.

E. The Contractor must also post, at a location on the project site of the public works that is easily accessible to the workers engaged on the project, the prevailing wage rates for each craft or type of worker or mechanic needed to execute the Contract or project or work to be performed. In lieu of posting on the project site, a Contractor which has a business location where laborers, workers, and mechanics regularly visit may: (1) post in a conspicuous location at that business the current prevailing wage rates for each county in which the Contractor is performing work; or (2) provide such laborer, worker, or mechanic engaged on the public works project a written notice indicating the prevailing wage rates for the public works project. The failure to post or provide the requisite prevailing wage rate is a violation of the Wage Act.

F. In addition to the foregoing, the Contractor's adherence to all requirements of the State of Illinois is guaranteed by the Contractor, and Contractor affirms that it shall abide by same in order to perform this public works project.
