**Project Name:** Briar Patch Park Outdoor Fitness Surfacing

**Sourcewell Member:** Wheaton Park District - #70192

**Project Location:** 1700 Briarcliffe Blvd, Wheaton, IL 60189

**Project Description:** ForeverLawn Chicago (FLC) is pleased to submit this proposal for materials and installation. The following published items are being provided through our contracted Sourcewell pricing and are included in the total project price:

• Item # FPDC:	Playground Grass Discovery (Green)	(1,275 sq. ft.)	\$ 7,968.75
• Item # SFP20:	SafetyFoam Pro 2"	(130 panels)	\$ 3,218.80
• Item # Bear Board/Install:	Installation of EPS by Bear Board	(160 LF)	\$ 880.00
• Item # MMBSEAM:	9" Micromechanical Seam Tape – 162' roll	(1 roll)	\$ 412.87
• Item # Cutouts:	Surcharge for playground cutouts		\$ 847.80
• Item # FLIns:	Standard Installation		\$ 7,012.50
<b>Total Published Items:</b>			<b>\$ 20,340.72</b>

The following unpublished items are included in the total project price at their listed cost:

• Surcharge for Prevailing Wage Installation -	\$ 2,231.25
• Shipping -	\$ 701.25
<b>Total Unpublished Items:</b>	<b>\$ 2,932.50</b>
<b>Total Project Price:</b>	<b>\$ 23,273.22</b>

All pricing assumes that the general contractor will prepare the project site as needed. This includes all excavation, disposal, all stonework through final compaction, and installation of the equipment. Costs associated with site prep are excluded in the project price. Site prep completed by FLC will be added to the final balance owed at the conclusion of the project.

The final compaction of the aggregate throughout the project area shall be approximately 2.5" from the bottom of the tooled edge of the perimeter concrete curb to accommodate 2" SafetyFoam Pro panels (8' CFH max). The thickness of our premium backing will make up the remaining ½" difference once installed over the SafetyFoam Pro.

FLC will provide and install the EPS perimeter boards ½" below the bottom of the tooled edge of the concrete perimeter curb. The 2" SafetyFoam Pro panels will be provided and installed by FLC. The Playground Discovery will then be rolled out over the SafetyFoam Pro, cut, and seamed throughout the project area. All seams will feature our proprietary micromechanical seaming system. The Playground Grass Discovery will be anchored to the perimeter boards using 1" stainless steel staples. Given this area receives occasional flooding, FLC is not recommending applying a sand infill upon completion.

This proposal excludes all applicable taxes. Freight and associated materials charges are included. Prevailing wage rates apply. **The total project price excludes costs associated with scheduling a post installation drop test.** FLC can arrange an independent third party, Sports Labs, to perform a post installation drop test for an additional cost of \$1,900 (subject to change) added to the listed project price.

**Project Size:** 942 square feet

**Project Price:** **\$ 23,273.22**

**Project Terms:** 50% of the project price is due upon acceptance of this proposal. Balance is due upon completion of work. Playground Grass pricing is valid for 30 days from proposal date.

**Project Timeline:** Project completion will be scheduled upon acceptance of this proposal. This is contingent upon timely payment for the project to allow for shipment of materials and scheduling of crew.
