Prime Laser Systems Event Contract

CLIENT NAME: FT Cares Foundation
EVENT DATES: September 29th 2017 Sun set till 11:00pm
LOCATION: 120 E. Liberty Drive, Wheaton IL

Services to be provided: Prime Laser Systems will provide, install and operate two professional grade RGB laser projectors (Minimum of 20 watts per laser). 2 lasers systems will create an aerial effect projecting in a western direction. Lasers will be operated live to music and sound system provided by FT Cares Foundation.

Prime Laser Systems is fully licensed and insured and strictly conforms to the projector and operation requirements of the FDA/CDRH and FAA.

Total Price – \$4500

Electrical Requirements – A minimum of 4, (15 or 20 AMP) 120v dedicated grounded outlets must be provided by FT Cares Foundation at the stage location. Minimum total amperage requirements 60 AMPs. A generator with minimum continuous wattage of 6000 watts can be used provided the system is properly grounded and is rated for use with electronics.

Payment – 50% deposit is due by August 20th. Upon completion of the show, the remaining 50% is due. Payment can be made by check to the above address made out to Prime Laser Systems. In the event that Prime Laser Systems LLC fails to perform its obligations under this agreement for reasons other than weather or an emergency that is not personal in nature (e.g. an act of terrorism), all deposit monies will be returned to FT Cares Foundation within 10 business days.
