RE: Washington School ball field renovation material
DATE: July 17, 2019

SUMMARY:

The baseball board, athletics, district 200 and the parks department have been working together to renovate the T-ball field at Washington school to make it useable for more groups with the expanding baseball program. This requires removing existing grass, putting in a base limestone and top dressing with the red diamond mix.

Staff requested quotes for the purchase and delivery of red diamond mix, which is the material used for the surfacing of existing baseball fields in the district. The pricing received is as follows:

Contractor	Per Ton	Total Dollar Amount Needed (based on 100 tons)
Waupaca Sand	\$137.00	\$13,700.00
Conserv FS	\$150.00	\$15,000.00
National Seed	NA	Material not same as above

The low bidder has supplied this material to the district in the past.
